About the Group

RHT Holding Ltd (RHT) initially started its operations in 1954 under the name Rose-Hill Transport Ltd, operating in public transport in Mauritius. Through its years of experience in the bus services sector, RHT has established itself as the leading market player.

RHT was first listed on the Over-The-Counter (“OTC”) market of Stock of Exchange of Mauritius (“SEM”) in 2001, it was officially listed on the Development & Enterprise Market (“DEM”) of the SEM on 4 August 2006, the date when the SEM was officially launched. A restructuring was implemented two years later to separate the different activities into clusters. Subsequently, in 2010, the shareholders resolved to change the name of the Group from Rose Hill Transport Ltd to RHT.

Although public transport remains the core activity of the Group, operating under the name of RHT Bus Services Ltd, there has been a diversification into corporate venturing, investment in property and equities of blue chip companies trading on the SEM as well as in international funds.

On 7 September 2015, RHT was also listed on the SEM Sustainability Index (“SEMSI”), which seeks to promote the best companies in Mauritius working to provide a more sustainable business environment for all stakeholders.

The RHT Group is now entering a crucial phase. With the inception of the Metro Express service, the Company is poised to reinvent itself and transition to markets that offer better margins.

OUR VISION

To be the leader in sustainable investments, technology and mobility beyond boundaries.

OUR VALUES

SAFETY

We are committed to meet the highest safety norms.

INTEGRITY

We work honestly and with sincerity.

COURTESY

We are respectful and courteous to our colleagues and passengers.

PASSION

We work with passion and conviction to become better.

DEDICATION

We are dedicated to our work so that our customers are fully satisfied and our Company grows.

TEAM SPIRIT

We work as a team to achieve a common goal.

Chairperson's Message

Dear valued Shareholders,

On behalf of the Board of Directors, I am pleased to present the Annual Report of RHT Holding Ltd (the "Company") for the year ended 30 June 2022.

**Paul Chung Kim
Fung Ah Leung**

Chairperson and
Non-Executive Director

In nearly all my previous messages, I have been using some expressions or quotations to describe our Spirit or the Values that hold and bind RHT Group as a single-minded entity. This year, I will quote Georges Jacques Danton commonly known as Danton. He was one of the major figures of the French Revolution, and sometime in 1792 he said:

**«Pour les vaincre,
il nous faut de l'audace,
encore de l'audace,
toujours de l'audace...»**

In other words,

**«To defeat them, he said,
we need audacity,
more audacity,
always audacity...»**

In the recent years, audacity was the guiding word; we have taken the bet to further accelerate the Group's diversification strategy despite the present ordeal and challenges which the public transport industry has been facing over these last few years, more specifically with the multiplying effect caused by the construction works and operations of the Metro Express, the Covid-19 pandemic worsening further overall ridership and operating costs.

Until or unless there is a clear National Strategy, which will incorporate and dictate the management of our **"highly regulated"** public transportation industry in Mauritius, RHT Bus Services will not be able to fully play its role as an innovative partner in public mobility. We need a well-defined public transportation strategy that will cater for efficient and cost-effective mass transit facilities to respond to the needs of the population, the business community, and other stakeholders of the Mauritian economy.

RHT Bus Services has been in surviving mode for many years and right now, for the reason depicted above, no clear long-term strategy can be contemplated.

AUDACIOUS DIVERSIFICATION STRATEGIES

RHT Group's core corporate strategy remains within the realms of "mobility" and "technology". The resources of the Group are used to leverage its know-how, experience, expertise, and its brand as an outstanding "mobility" and "technology" group of companies by extending and exporting its product and service offerings to the African market.

We have taken bold steps to venture further in **new markets (Africa)** with our existing product and services offerings and, at the same time, introduce **new product and services** in the local (Mauritian) market.

MARKET DIVERSIFICATION

Audacity at work...

Our selling proposition for Africa is essentially composed of operation and integration of Mobility and Fleet Management. These solutions aim at responding to the daily mobility and public transportation needs within our chosen markets by serving, as partners, the Governments, and other Institutions in the target country.

Furthermore, dealing with the transportation and other mobility challenges in our new "African" market will facilitate or provide our Group access to greater business opportunities across the continent.

RHT Group, with the incorporation of RHT Africa, aims at transforming a strong **Mauritian Brand** into an **African Brand** through ethical business and the adoption of the highest levels of Corporate Governance.

As paradoxical as it may seem, RHT Group seems to have been able to better anchor itself in quite a few continental African countries and its progression in Africa has been made possible because of its ability to engage and knot strong links with reputable European and Asian partners in the field of mobility.

Group Chief Executive Officer's Report

Dear Shareholders,

The transformational strategy laid out by the Board of Directors and the executive has been a long arduous task. It has involved the restructuring of RHT Bus Services Ltd (RHT BS) and the launch of new mobility services to make up for the turnover conceded to the light rail project.

The overall performance of the Group resulted in a loss of Rs. 10.7M compared to a profit of Rs. 9.2M last year. The loss arose due to planned expenditure related to new projects that should start generating revenue in the new financial year 2022/2023. The total asset base stood at Rs. 1,172M compared to Rs. 1,090M in the previous financial year.

The turnaround plan so far has involved a cost reduction program at the level of RHT BS, the fleet renewal program has been delayed and we were fortunate that a fare increase was granted to the industry in May 2022. The Company and the industry are still engaged in discussions with the Government for a deeper reorganisation of the sector in light of the steep hike in diesel prices and the significant increase in the cost of spare parts as a result of the appreciation of the USD.

Sidharth Sharma
Group CEO

Over the next 3 years we expect to see a marked improvement in financial results. The new revenue streams will be generated from our investments in the Victoria Urban Terminal. The de-fleeting program of FPSL will contribute significantly to the profit as we have started selling cars that have reached 5 years. We are expecting RHT Africa to generate revenue from its operational management contracts and the service centres that are currently being set up. Finally, izy.market is expected to start its activities as an e-commerce platform as from the 15 October 2022. This project is aligned with our diversification strategy and is expected to contribute in a significant manner to the group turnover and bottom line.

In the same vein we are consolidating our existing businesses, ICL and Flo, by marketing our services on the continent through RHT Africa. We have been able to get a good traction on the ground.

GROUP UPDATES

With the Group expansion into new business areas, it has become important to reframe our collective goals and objectives. In this context, a workshop on defining the Group's purpose was conducted on 7 February.

The slogan that defines our purpose and which was unanimously accepted is: "Making people's lives easier by developing innovative solutions that are easy to access, economical, efficient and sustainable."

The new logo for the Group was revealed on the 25 March 2022. A digital marketing campaign was initiated, followed by a press release. The brand refresh has been positively welcomed by all stakeholders.

An updated code of conduct and a whistle-blowing policy have been adopted by the Group and communicated to all employees.

The annual strategy session, involving the Board of Directors and the exco, took place on 6 July 2022. The main strategic objectives for the new financial year are: (i) the setting up of a central automobile repair workshop in Kampala and a network of quick repair centres at Vivo gas stations, (ii) the implementation of an e-commerce platform branded as izy.market, (iii) improve the cost of capital for FleetPro and (iv) expand service line of ICL in IoT (internet of things) related activities.

In view of providing world-class learning opportunities for the exco, a bespoke advanced management program course was organised with HEC (Paris), a leading European management school. Four modules were provided over a 4-month period and the team was familiarised with cutting-edge analytical tool used by the largest global companies.

INNOVATION

Leadership through innovation is our motto and one of our significant value propositions as a Group is that we are serial innovators. In order to give more focus and depth to this activity, a position of Chief Innovation Officer was constituted at the Group level. Mr. Ajmal Abdool has been appointed in this new role to give a new impetus to research and development of new services and products. The CIO will also manage the project office and bring a risk management culture to support new projects.

OPERATIONAL ACTIVITIES

In view of the large fleet it owns and the sizeable business generated from the insurance sector, FPSL is now operating two workshops in Forest-Side and Plaine Lauzun. Besides mechanical repairs and panel beating, the Company also offers painting services in the new premises.

RHT Africa has started the pilot project for Tondeka in September 2022 and with the onboarding of new capital providers, the project is expected to be ramped up by March 2023 with 50 buses. The Company will also partner with Scania to offer operational management services in the city of Yaoundé in Cameroon as from next year.

Flo is currently managing the traffic flow at Victoria Urban Terminal. The automated system is also being deployed and this solution can also be proposed for terminals being built on the continent.

ICL has ramped up its activities in Zambia by deputing a senior management resource from its Rose-Hill office. In Mauritius, the Company is implementing a parking management system (PMS) at Victoria Urban Terminal.

OUTLOOK

Despite challenges in the local economy, RHT is maintaining its course to diversify its offering into deeper and higher margin markets. Expansion of RHT Africa will be a key focus and we remain confident in our ability to ramp up revenue from overseas operations.

I would like to thank the whole team for their commitment and dedication to our vision. We are also grateful to our Board of Directors for their unflinching support.

Sidharth Sharma
Group CEO

Director's Profile

Paul Chung Kim Fung Ah Leung

Chairperson and Non-Executive Director

RHT Holding Ltd

Mr. Ah Leung, born in 1967, is a Fellow of the Chartered Institute of Marketing (UK) and holds a postgraduate diploma in Innovation and Design Thinking. Senior Management Team

1. Ajmal Abdool

Group Chief Innovation Officer
RHT Holding Ltd

Ajmal Abdool, born in 1981, first joined the Group in 2005 as Software Engineer at Island Communications Ltd (ICL). He was promoted to General Manager of ICL in 2007 and was responsible for the overall business growth, strategic direction, the performance of the Company and market diversification into Africa. He was appointed as the Chief Operating Officer of RHT Ventures Ltd in July 2018 where he was responsible for the diversification, profitability, differentiation and growth of ICL (Mauritius and Africa), Transport and Micropayment System Ltd (TMSL) and Flo Mobility Services Ltd. In October 2022, Ajmal was appointed as Group Chief Innovation Officer of RHT Holding Ltd where he is mainly responsible for driving strategic project and innovation initiatives for the Group.

Before joining ICL, he worked as Business Systems Consultant at Currimjee Informatics, and then Special Projects Consultant at New Edge Solutions working on various software projects within the Eclasia Group of Companies. He has thus acquired a rich professional experience in the IT industry covering a wide range of technical, operational and strategic roles.

Ajmal holds an MBA (specialisation in HR) from the University of Mauritius, and a Bachelor of Engineering (IT & Telecommunications) from the University of Adelaide, Australia. He is also a Member of the Mauritius Institute of Directors.

2. Uways Kureeman

Acting General Manager
Island Communications Ltd (Mauritius & Zambia)

Uways Kureeman is a Computer Science graduate from the University of Mauritius and started his career as software engineer with ICL in 2012. He occupied multiple positions within ICL along the years including managing the product development and operations Team. Uways also holds an MBA Innovation & Leadership from Ducer Business School Australia and is currently completing an MSc in Artificial Intelligence. Uways has a broad technical IT project and product management knowhow along with applied management experience managing cross-departmental teams in Mauritius and Zambia.

3. Devarajen Adiapien

Procurement and Facility Manager
RHT Bus Services Ltd

Devarajen Adiapien joined RHT in May 1998. Holder of a BA in Business Administration from the City College UK, a HDIP in BTECH in Business and Finance, and Human Resource Management, and a Postgraduate Diploma in HRM. He is also a member of the Association of Business Executives.

He manages all welfare activities, customer proximity initiatives, health and safety events and activities, and facility tasks within the Group companies.

In July 2020, he was awarded two certificates of Special Recognition for his dedicated service and valuable contribution and commitment during the Covid-19 lockdown period.

4. Hussayn Baulum

Operations Executive – Mobility Cluster
FLO Mobility Services Ltd

Hussayn Baulum, born in 1978, joined RHT Ventures Ltd in 2014 as a driver and was subsequently promoted to Transport Planner. Following his certification by AA Drive/Tech (UK) as Trainer and Assessor for on-road and workshop driver training in 2016, he was appointed trainer at the RHT Training Academy. In 2018, he was promoted to Senior Lead/Trainer of the Advance Institute of Motoring Ltd.

In 2022, he was promoted to Operations Executive for Flo Mobility Services Ltd.

In August 2022, he delivered driver trainer course (theoretical and practical) training in Uganda for TMC-Tondeka Metro Company.

Before joining the RHT Group, Hussayn worked in transport planning for more than 15 years. During his career, he has developed a wide range of skills including planning, fleet management and operations, monitoring of performance and behaviours of road users, training and coaching.

5. Prakash Rajkomar

Group Treasurer
RHT Holding Ltd

Prakash Rajkomar is a Fellow of the Association of Chartered Certified Accountants, UK. He is now in charge of the RHT Group treasury and has as main stakeholders the subsidiaries, the bankers and other financial institutions. Previously the Group Chief Accountant, he now looks after the optimisation of cash management within the Group. He remains involved in the administration of companies within the investment cluster of the Group. Prior to joining the RHT Group, he has worked in the offshore industry for 15 years in Mauritius. He served a leading offshore management company where he acquired extensive experience on the administration side as well as on the finance side of the business. He was promoted to Head of Accounting and ultimately as director following the expansion of the activities of the company.

6. Shekhar Sahai

Group Finance Controller
RHT Holding Ltd

Shekhar Sahai joined RHT Holding Ltd as Group Accountant in March 2020.

His active participation in the revamping of the various Finance Departments brought much improvement and he was appointed as Group Finance Controller in July 2022.

On a professional level, he has been in the accounting field for the last 20 years with deep exposure, both on the local and the international scene, to audit in the United Kingdom, construction, outsourcing services and in the offshore sector in Mauritius and Dubai.

7. Reehaz Soobhany

Chief Operating Officer
RHT Bus Services Ltd

Reehaz Soobhany, born in 1974, joined RHT Bus Services in July 2019. He oversees all the core operational, financial and business development functions within the RHT Mobility cluster, including the overall business running of the bus services and the development of new business in the new mobility areas. He also manages projects that are specific to RHT Bus Services Ltd and Flo Mobility Services Ltd, as well as chairing the Health and Safety Committee.

Reehaz is initially from a technology consulting background having held consulting and senior managerial positions at New Edge Solutions (Eclasia Group), Ceridian and SKC Surat & Co Ltd. He is well versed in new technologies as well as operational management, people management and strategy formulation and execution.

Reehaz holds a Bachelor of Information Technology (Software Engineering) from the Australian National University, and Master of Business Administration from the University of Mauritius. He has also performed postgraduate research in data mining at the Commonwealth Scientific and Industrial Research Organisation (CSIRO Australia) and is a Member of the Mauritius Institute of Directors.

8. Harry Krishna (Ganesan) Veeraragoo

Chief Operations Officer
FleetPro Services Ltd

Ganesan Veeraragoo is a professional vehicle fleet manager who understands the intricacies of managing a large fleet of vehicles while logistically meeting customer needs since 2017, when starting up the Company. Over time, he has developed genuine and supportive relations with customers on a personal and professional level and collaborated with other departments to solve logistic problems.

Since the incorporation of FleetPro Services Ltd in 2016 and Ganesan joining the Company in January 2017, the Company has shown a steady growth. FleetPro Services Ltd has successfully onboarded several Blue-Chip companies of the Stock Exchange of Mauritius expanding further the activities of the Company.

2021-2022 was yet another challenging year with the implementation of a fresh segment of revenue with 2 new Service Centres. In October 2021, FleetPro Services Ltd has taken over the management of the workshop of Mautourco Ltd turning it around into a successful commercial venture. In 2022, we implemented a new Service Centre in the industrial zone of Plaine Lauzun.

Our endeavour to implement the Service Centres is to get revenues from another segment of activity and second fold to contain the costs of maintenance in respect of our motor vehicles fleet.

Senior Management Team (overseas)

9. Jamil Malik
Chief Executive Officer
RHT Africa Ltd

Jamil is a globally accomplished executive with a career in Transport and Mobility solutions spanning over 23 years. He has operated at CEO and Executive level at FTSE 250 and Private Equity companies with P&L responsibility for over \$250m and 10,000 staff over 80 sites, leading diverse and multi-cultural teams.

He has extensive experience in delivering a very wide range of services within in the B2C, B2B and B2G markets including leading multimodal and multisite public transport operations, retail, infrastructure, government services, facilities and asset management operations, in the contrasting business and national cultures of UK and several Middle Eastern and African countries.

He has worked on and led bids, winning and managing Transport for London, Ministry of Education, Ministry of Health and local authority contracts worth tens of millions of dollars. He has in-depth experience of operating outright commercial, gross cost contracts, minimum subsidy, management contracts and performance regime operating models.

He has also advised local and central governments across a broad range of public transport policy and projects, and their implications for legislation, regulation, and governance and skills requirements, both in the UK and overseas. He has experience across all modes of road transportation (including bus, coach, school, taxi and demand responsive transport), but with a particular focus around bus service development and new mobility solutions.

Jamil is currently leading the geographic expansion of RHT Africa in the African and Middle East markets, focusing on Public Transport Operations, Automotive Services Centers, and Asset Management Services.

Jamil holds an MBA from the University of Birmingham Business School.

10. Ashwin Ramchurn
Project Manager
RHT Africa Ltd

Ashwin has a strengthened automotive engineering background and, has acquired his skills over the years by handling the aftersales department of Nissan, Toyota, Mitsubishi, FUSO and Mercedes Daimler. He also has acquired experience by managing various bus fleets such as Yutong, Golden Dragon and UD, and was involved in the introduction of the first two Electric buses in Mauritius, along with all the electrical infrastructure setting-up.

He initially joined RHT Bus Services Ltd as Assistant Workshop Manager in June 2017 and was appointed as Workshop Manager in June 2019. He has now been appointed as Engineering Manager for Tondeka Metro Company (TMC) and as Project Manager for RHT Africa Ltd, whereby he is responsible for the overall business growth and market diversification into Africa.

Ashwin Ramchurn holds a Bachelor in Engineering, from the University of Mauritius and a Master's degree in Total Quality Management with Performance Excellence, from the University of Mauritius. He has also achieved several automotive certifications through City and Guilds (UK), Nissan N-Step, Toyota KODAWARI and Daimler Truck Learning Academy and is well versed in new technologies as well as operational management, people management and strategy execution.

Message from the Chairperson of the Corporate Governance, Nomination and Remuneration Committee

Dear Shareholders,

I am pleased to submit the Corporate Governance report for the year ended June 2022 for your consideration.

The continuing difficult economic environment, post-Covid, poses many challenges to any organisation, whether successful or less successful. Governance, which includes ethics and management of resources, remains critical.

As a Group, the challenge we face is how to attract and retain the best people, people who are aligned with our mission and our values. Our Group, which started in the transport industry, is expanding to other sectors. How do we leverage on the expertise, knowledge and resources that we have to make significant inroads into bigger markets? Our three-year rolling strategy gives us a clear direction to where we are heading as a Group. Our expansion into Uganda, for example, is a stepping-stone to a bigger expansion into the African continent.

Expansion means recruitment of people with the right "curriculum vitae" to take us forward. We have thus recruited a CEO for the Tondeka project, a person with international expertise in the transport industry. We do not hesitate to go across and recruit people with international experience, where such experience is not available in the locals. This will result in the transfer of know-how with its concomitant multiplier effect.

Our committee meets at least three times a year or as required. We look into all issues with respect to the structure of the different companies within the Group. We ensure that we have the right balance in terms of board membership, the right set of skills to further the individual business aspirations that we have. We also look into succession planning, not only in terms of the Board but also in terms of key resources. We have a framework with respect of Corporate Management System, in identifying key resources with succession issues. Because you are only as good as what you have.

We also look at all aspects concerning ethics. We interact mostly with the Group CHR and the Group CEO. We also identify the training needs of Directors. In that respect, we organised a training course on data protection. We have other plans to look into cyber security, which is a challenge for all companies.

On behalf of the Committee

Uday Kumar Gujadhur

Corporate Governance Report

Year ended 30 June 2022

COMPANY PROFILE

RHT Holding Ltd, a public company, incorporated in the Republic of Mauritius on 27 April 1954 and listed on the Development & Enterprise Market ("DEM") of the Stock Exchange of Mauritius Ltd, is a Public Interest Entity as defined by the Financial Reporting Act 2004.

Principle 1: Governance Structure

All organisations should be headed by an effective Board. Responsibilities and accountabilities within the organisation should be clearly identified.

The Board and Management of RHT reiterate their commitment to sustain high standards of Corporate Governance in order to maximise long-term value of all Shareholders and Stakeholders at large. Furthermore, it endorses the highest standards of business integrity and professionalism to ensure that the activities within the Company are managed ethically and responsibly to enhance business value for all stakeholders.

The Board assumes full responsibility for leading and controlling the organisation and meeting all legal and regulatory requirements. Besides, the Board is collectively responsible for the long-term success, reputation and governance of the Company. The Board also determines the Company's mission, vision, values and strategy.

This report describes, amongst others, the main corporate governance framework and compliance requirements of the Company, which are laid down in the following:

- The Constitution of RHT;
- Terms of Reference of the Board Committees;
- National Code of Corporate Governance for Mauritius (2016);
- Companies Act 2001;
- The Securities Act 2005; and
- DEM Rules of the Stock Exchange of Mauritius.

The Company has adopted the key governance documents mentioned below, copies of which are available upon request in writing to the Company Secretary:

- Constitution;
- Board Charter;
- Organisation Chart; and
- Code of Ethics.

These documents have been drafted with the skills, knowledge, and expertise of the Board of Directors, who have not only been fully involved but have unanimously approved these essential documents and seek to adhere to them by the spirit and by letter. These are reviewed by the Board on a regular basis.

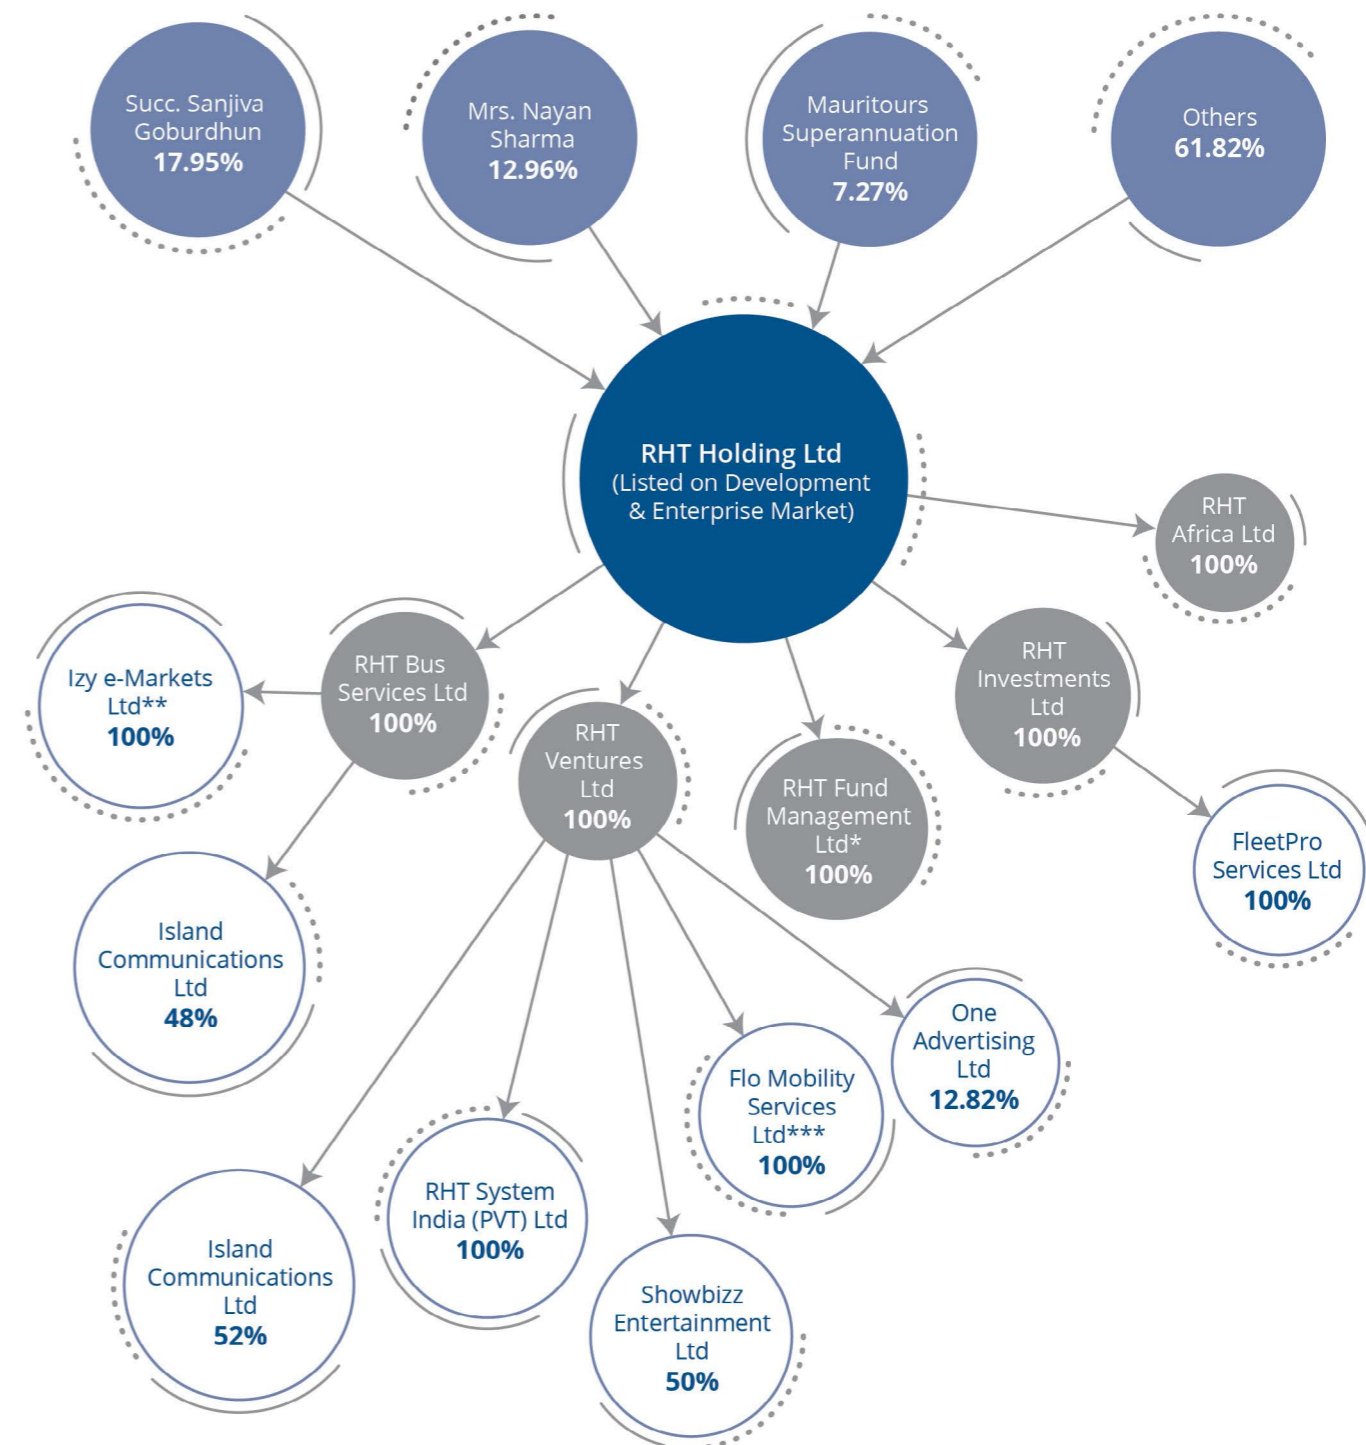

The Directors and Management of RHT also recognise the need to adapt and improve the principles and practices in light of their experience, regulatory requirements and investor expectations.

Additionally, every person holding a senior governance position within the Company has a written job description/ position statement and is fully aware of their key responsibilities.

COMPANY STRUCTURE

The structure of the Company is shown in the figure below:

RHT - Group Structure as at 30 June 2022

* Under process of winding up.

Substantial shareholders as at 30 June 2022

The Stated Capital of the Company as at 30 June 2022 amounted to Rs. 24,324,300/- divided into 12,162,150 Ordinary Shares of Rs. 2 each.

The following shareholders held more than 5% of the stated capital of the Company as at 30 June 2022:

Name of Shareholders	Number of Ordinary Shares	Percentage Holding
Succession Sanjiva Goburdhun	2,182,745	17.9470%
Mrs Nayan Sharma	1,576,690	12.9639%
Mauritours Superannuation Fund	883,680	7.2658%

CONSTITUTION

The Constitution of RHT is in conformity with the provisions of the Companies Act 2001 and the DEM Rules of The Stock Exchange of Mauritius.

There are no clauses of the Constitution deemed material enough for special disclosure.

A copy of the Constitution can be obtained upon request in writing to the Company Secretary at its registered office, c/o Navitas Corporate Services Ltd, Navitas House, Robinson Road, Floréal.

Principle 2: The Structure of the Board and its Committees

The Board should contain independently minded directors. It should include an appropriate combination of executive directors, independent directors and non-independent non-executive directors to prevent one individual or a small group of individuals from dominating the Board's decision-taking. The Board should be of a size and level of diversity commensurate with the sophistication and scale of the organisation. Appropriate Board committees may be set up to assist the Board in the effective performance of its duties.

BOARD STRUCTURE

RHT is led by an effective unitary Board which is the favoured structure for companies in Mauritius. The Board of RHT consists of two (2) Executive, four (4) Non-Executive and two (2) Independent Non-Executive Directors.

The notion of independent directors is based on the criteria provided under the Generic Guidance of the Code as well as the Mauritius Companies Act 2001.

Only Board members attend each Board meeting for the duration with other officers of the Company, advisors and other subject-matter experts only attending on invitation for as long as it is deemed necessary by the Chairperson. The use of Alternate Directors is permissible. This is made possible by the careful drafting of the annual Board calendar that is set out each year by the Chairperson of the Board with the assistance of the Company Secretary.

BOARD SIZE

The Constitution of RHT provides that the Board of Directors shall consist of not less than seven (7) or more than eleven (11) Directors.

All the Directors are re-elected by separate resolution at every Annual Meetings of Shareholders of the Company.

BOARD COMPOSITION

As at 30 June 2022, the Board of RHT was composed as follows:

Name of Directors	Category
Paul C.K.F AH LEUNG	Chairperson and Non-Executive Director
Sidharth SHARMA	Group CEO and Executive Director
Meha DESAI	Non-Executive Director
Ravindra GOBURDHUN	Executive Director and Group Head of Operations
Uday Kumar GUJADHUR	Independent Non-Executive Director
Yoosuf Mohammad KUREEMAN	Non-Executive Director
Gilbert Patrick Stephane LEAL	Non-Executive Director
Kamil PATEL	Independent Non-Executive Director
Michel Patrice LEAL (Alternate to Gilbert Patrick Stephane LEAL)	Non-Executive Director

The Board is of the view that its present composition is adequately balanced and that the current Directors have the range of skills, expertise and experience to carry out their duties properly.

The names of the Directors, their profiles and their categorisation as well as their directorship details are set out in the Directors' Profiles section of this report.

Corporate Governance Report

Year ended 30 June 2022

BOARD DIVERSITY

The Board of RHT has attempted to create the right balance and composition in such a way as to best serve the Company. The Board has an appropriate mix of gender, experience, diversity and all Directors wholly endorse the belief in diversity which is expressed in both the Board Charter and Code of Ethics. All Board members are ordinarily resident of Mauritius.

RHT is also an equal opportunity employer, with a non-discrimination policy that covers its senior governance positions and includes diverse professional backgrounds with a broad mix of skills and competencies.

RHT believes that, based on its size, the current Directors possess the appropriate expertise and knowledge to discharge their duties and responsibilities effectively and to meet the Company's business requirements.

BOARD OF DIRECTORS

The Board of Directors is the ultimate decision-making entity of RHT and exercises leadership, entrepreneurship, integrity and sound judgement in directing the Company to achieve continuing prosperity for the organisation while ensuring both performance and compliance.

The Board also ensures that the activities of the Company comply with all legal and regulatory requirements as well as its Constitution from which the Board derives its authority to act.

All Directors are aware of the key discussions and decisions of the committees as the Chairperson of each committee provides a summary to all the Directors at the Board meeting following the relevant committee meetings.

Besides, it is the Board's responsibility to apply proper and effective corporate governance principles and to be the focal point of the corporate governance system.

The role of the Board of Directors is, *inter alia*:

- To provide entrepreneurial leadership to the Company within a framework of prudent and effective risk management;
- To determine the Company's vision, strategy and values;
- To monitor and evaluate the implementation of strategies, policies, management performance criteria and business plans;

- To make sure that the necessary financial and human resources are in place for the Company to meet its objectives;
- To ensure that the Company complies with all laws, regulations and codes of best business practice; and
- To keep proper accounting records, and ensure that a true and fair set of financial statements are prepared.

CHAIRPERSON AND GROUP CHIEF EXECUTIVE OFFICER

The roles of the Chairperson and Group Chief Executive Officer are separate and each of them has clearly defined responsibilities. These ensure a proper balance of power, increased accountability and greater capacity of the Board for independent decision-making.

The role of the Chairperson is assumed by a Non-Executive; the Group Chief Executive Officer reports directly to him and to the Board, giving therefore sufficient segregation of power between the Chairperson and the Management.

In his role as Non-Executive Chairperson of the Company, Mr. Paul C.K.F AH LEUNG, is responsible for leading the Board and ascertaining its effectiveness. He ensures that the corporate strategy and the related execution are aligned together with operational efficiencies. He is also responsible for ensuring that the Directors receive accurate, timely and clear information and he encourages the active participation of all Board members in discussions and decisions. With his experience and strong knowledge of the Company, the Chairperson is in an excellent position to oversee the affairs of the Company while ensuring that value is being created for all stakeholders.

On the other hand, Dr. Sidharth SHARMA, in his capacity as Group Chief Executive Officer is responsible for the executive management of RHT's operations and for developing the long-term strategy and vision of the Company, approved by the Board. Dr. Sidharth SHARMA also ensures effective communication with the stakeholders.

The Chairperson is elected every year by the Board.

BOARD MEETINGS

The Board meetings are normally held at least once each quarter and at any additional times as the Company requires. Decisions taken between meetings are confirmed by way of resolutions in writing, agreed and signed by all Directors. For the year under review, the Board met six (6) times, which includes one (1) Board Strategy meeting and decisions were also taken by way of resolutions in writing, agreed and signed by all Directors.

The Board meetings are conducted in accordance with the Company's Constitution and the Mauritius Companies Act 2001 and are convened by giving appropriate notice to the Directors.

A detailed agenda, as determined by the Chairperson, together with other supporting documents, is circularised in advance to the Directors to enable them to make focused and informed deliberations at Board meetings. To address specific urgent business needs, meetings are at times called at shorter notice.

A quorum of at least fifty per cent (50%) of the Directors is currently required for a Board Meeting of RHT. In case of equality of votes, it is noted that the Chairperson does not have a casting vote.

The Directors may ask for any explanations or production of additional information and, more generally, submit to the Chairperson any request for information or access to information which might appear to be appropriate to them. Furthermore, the Directors have the right to request independent professional advice at the Company's expense.

All Directors have a duty to declare conflicts of interest before proceeding with any transaction. As such, a Director who has declared their interest shall not vote on any matter relating to the transaction or proposed transaction in which they are interested and shall not be counted in the quorum for the same purpose of that decision. The Company Secretary takes note of any conflict of interest declared by a Director and records it in the minutes of the meeting.

The minutes of the proceedings of each Board meeting are recorded by the Company Secretary and are entered in the Minutes Book of the Company. The minutes of each Board meeting are submitted for confirmation at its next meeting and these are then signed by the Chairperson and the Company Secretary.

BOARD COMMITTEES

In order to facilitate effective management, the Board of Directors of RHT has established two (2) Committees for the Group, namely the Audit and Risk Committee and the Corporate Governance, Nomination and Remuneration Committee, to assist the Board by ensuring a more comprehensive evaluation of specific issues.

These Committees operate within defined Terms of Reference and independently to the Board.

The Chairperson of each Board Committee reports on the proceedings of their Committee at each Board meeting of the Company and the Committees regularly recommend actions to the Board. The Company Secretary acts as secretary to the Board Committees.

The Board Committees are authorised to obtain, at the Company's expense, professional advice both within and outside the Company in order for them to perform their duties.

The Board of RHT believes that the members of its two (2) above-mentioned Committees have the appropriate balance of skills, experience, independence and knowledge to enable them to discharge their duties. The Board of Directors assesses the Terms of Reference of the two (2) Board Committees on a regular basis to ensure that they are being applied correctly and that they are still compliant with the various regulations.

Corporate Governance Report

Year ended 30 June 2022

BOARD COMMITTEES (CONT'D)

Audit and Risk Committee

During the year under review, the composition of the Audit and Risk Committee was as follows.

Members	Category
Kamil PATEL	Chairperson and Independent Non-Executive Director
Meha DESAI	Non-Executive Director
Uday GUJADHUR	Independent Non-Executive Director
Gilbert Patrick Stephane LEAL	Non-Executive Director
In attendance (when deemed appropriate)	
Sidharth SHARMA	Executive Director and Group Chief Executive Officer
Ravindra GOBURDHUN	Executive Director and Group Head of Operations
Prakash RAJKOMAR	Group Treasurer
Shekhar SAHAI	Group Finance Controller
PwC	Internal Auditors – Independent Service Provider
BDO & Co	External Auditors – Independent Service Provider

The Audit and Risk Committee operates under the Terms of Reference approved by the Board. The Audit and Risk Committee confirms that it has fulfilled its responsibilities for the year under review, in accordance with its Terms of Reference.

The Committee meets at least once each quarter and reports on its activities to the Board. A quorum of two (2) members is currently required for an Audit and Risk Committee meeting. The Audit and Risk Committee met three (3) times for the year under review.

The main functions of the Audit and Risk Committee are as follows:

- Reviewing the effectiveness of the Group's internal control and reporting systems;
- Monitoring the effectiveness of the internal audit function;
- Overseeing the financial reporting procedures in line with the relevant accounting standards;
- Making recommendations to the Board of Directors concerning the appointment of the external auditors;
- Reviewing the scope of work and the remuneration of the external auditors;
- Monitoring the effectiveness and independence of the external auditors;
- Recommending the condensed unaudited quarterly financial statements; and
- Maintaining the integrity of the financial statements.

BDO & Co was re-appointed as external auditors at the Annual Meeting of the Company held on 29 December 2021.

The Company Secretary acts as Secretary of the Audit and Risk Committee to ensure proper recording of the proceedings of the meetings.

BOARD COMMITTEES (CONT'D)

Corporate Governance, Nomination and Remuneration Committee

During the year under review, the composition of the Corporate Governance, Nomination and Remuneration Committee was as follows:

Members	Category
Uday GUJADHUR	Chairperson and Independent Non-Executive Director
Sidharth SHARMA	Executive Director and Group Chief Executive Officer
Paul C.K.F AH LEUNG	Chairperson of the Board of Directors and Non-Executive Director
Meha DESAI	Non-Executive Director
Yousuf Mohammad KUREEMAN	Non-Executive Director

The Corporate Governance, Nomination and Remuneration Committee operates under the Terms of Reference approved by the Board and a quorum of two (2) members is currently required for a meeting of the Committee. The Corporate Governance, Nomination and Remuneration Committee met four (4) times during the year under review.

The main functions of the Corporate Governance, Nomination and Remuneration Committee are as follows:

- Providing guidance to the Board on all corporate governance provisions to be adopted so that the Board remains effective and follows prevailing corporate governance principles;
- Reviewing the Corporate Governance Report to be published in the Annual Report of RHT and ensuring that the reporting requirements are in accordance with the principles of the National Code of Corporate Governance 2016;
- Recommending to the Board of Directors the adoption of policies and best practices as appropriate;
- *In its role as Nomination Committee*, reviewing the structure, size and composition of the Board, identifying and recommending to the Board possible appointees as Directors, making recommendations to the Board on matters relating to appointment or re-appointment of Directors and succession plans for Directors whilst assessing the independence of the Independent Non-Executive Directors; and
- *In its role as Remuneration Committee*, determining and developing the Company's and Group's general policy on executive and senior management remuneration and making recommendations to the Board on all the essential components of remuneration whilst determining the adequate remuneration to be paid to Directors and senior management.

The Corporate Governance, Nomination and Remuneration Committee confirms that it has fulfilled its responsibilities for the year under review in accordance with its Terms of Reference.

In line with the Code's aspiration that the Corporate Governance, Nomination and Remuneration Committee be chaired by an Independent Non-Executive Director, Mr. Uday Gujadhur has been appointed as Chairperson of the said Committee in view of his extensive experience and knowledge and in order to provide continuity in the application of best practices.

The Company Secretary acts as Secretary of the Group Corporate Governance Committee to ensure proper recording of the proceedings of the meetings.

Corporate Governance Report

Year ended 30 June 2022

ATTENDANCE AT BOARD AND COMMITTEE MEETINGS

All Directors are committed to attending meetings of the Board and Committees on which they serve.

Below is a record of attendance at all Board and Committee meetings held in the reporting year:

Internal Auditors		-	1/3	

* In attendance – not a member

ED: Executive Director

INED: Independent Non-Executive Director

NED: Non-Executive Director

During the year under review, meetings were mostly held to approve the quarterly accounts of the Company.

Principle 3: Directors' Appointment Procedures

There should be a formal, rigorous and transparent process for the appointment, election, induction and re-election of Directors. The search for Board candidates should be conducted, and appointments made, on merit, against objective criteria (to include skills, knowledge, experience, and independence and with due regard for the benefits of diversity on the Board, including gender). The Board should ensure that a formal, rigorous and transparent procedure be in place for planning the succession of all key officeholders.

DIRECTORS' PROFILES

The names of all Directors, their profile and their categorisation as well as their Directorship details in other companies are found on pages 14 to 17 of this Report.

PROFILES OF THE SENIOR MANAGEMENT TEAM

The profiles of the senior management team of RHT are found on pages 18 to 20 of this Report.

GROUP COMPANY SECRETARY

The Group has a service agreement with Navitas Corporate Services Ltd for the provision of company secretarial services.

All Directors have direct access to the advice and services of the Company Secretary who is responsible for providing detailed guidance to the Chairperson and the Directors as to their fiduciary duties, responsibilities and powers. The Company Secretary also ensures that the Company is at all times complying with its Constitution, Terms of Reference, applicable laws, rules and regulations.

Moreover, the Group Company Secretary assists the Chairperson, the Board and Board Committees in implementing and strengthening good governance practices and processes with a view to enhancing long-term stakeholder value. The Company Secretary also administers, attends and prepares the minutes of all Board meetings, Board Committee meetings and Shareholders' meetings.

The Company Secretary is also the primary channel of communication between the Company and its Shareholders as well as the regulatory bodies.

APPOINTMENT AND RE-ELECTION

The responsibility of selecting a new Director forms part of the responsibility of the Corporate Governance, Nomination and Remuneration Committee and the Chairperson of the said Committee oversees the selection process.

The Corporate Governance, Nomination and Remuneration Committee makes recommendations to the Board either to fill a casual vacancy or as an addition to the existing Directors and ensures that the total number of Directors shall not at any time exceed eleven (11) Directors as stipulated in the Constitution of the Company.

The re-election of all the Directors is tabled at each Annual Meeting of Shareholders of RHT.

DIRECTOR'S INDUCTION

RHT has a fully structured induction process to introduce a newly appointed Director to the Company's and the Group's businesses as well as the Senior Executives.

The actual induction provided to the newly appointed Director depends on the Director's experience. It thus tries to strengthen the areas in which the new Director lacks experience to be able to fully understand the business and operations of RHT.

During the period under review, no new Director has been appointed to the Board either to fill a casual vacancy or in addition to the existing Directors.

The induction programme meets the specific needs of both the Company and the newly appointed Director and enables the latter to be acquainted with and develop a good understanding of the Group.

Corporate Governance Report

Year ended 30 June 2022

PROFESSIONAL DEVELOPMENT

Directors and employees of the Company are encouraged to follow continuous professional development courses and training sessions to keep up to date with industry, legal and regulatory developments.

RHT ensures that the necessary resources for developing and updating its Directors' knowledge and capabilities are provided as and when required.

During the year under review, an in-house session for the Directors and senior management was organised at RHT, whereby an Independent Consultant had briefed the Board on "The Digital Boardroom: Creating a Digital Organization, from the Top".

SUCCESSION PLANNING

The Board considers its succession very carefully in its annual strategy session.

The Board has a defined succession planning policy which is applicable for the following personnel:

- Group Chief Executive Officer;
- Independent and other Non-Executive Directors on the Board;
- Senior Management Team; and
- Any other positions within the organisation at the discretion of the Chairperson and Group Chief Executive Officer in consultation with the Board.

The Corporate Governance, Nomination and Remuneration Committee oversees and reviews succession plans from time to time and makes suitable recommendations to the Board.

The Committee proactively reviews the succession requirements for the Board and carries out due diligence to determine the suitability of every person who is being considered for appointment or reappointment as a Director of the Board based on their educational qualifications, experience, and track record. The proposed candidate is evaluated by the Corporate Governance, Nomination and Remuneration Committee to determine the eligibility and fit with respect to the relevant criteria as per the Companies Act 2001. Their candidature is then recommended to the Board for its consideration and approval.

The succession plan for the Senior Management Team is based on the inputs received from the Human Resources Manager and the Group CEO. The Committee periodically reviews any vacancy or probable vacancy in the Senior Management Team which may arise on account of retirement, resignation, death, removal or incapacity whether temporary or permanent or otherwise. The Board strives to fill such vacancy by internal progression subject to availability. In case no suitable candidate is available to fill the position, external candidates are considered.

In consultation with the Group CEO and the Chairperson of Corporate Governance, Nomination and Remuneration Committee, the Board evaluates the suitability of any such person based on factors such as experience, age, health, and leadership intelligence and recommends their candidature to the Board well before such vacancy arises to facilitate a smooth transition.

The Committee may also resolve to engage the services of a retired executive on a contractual or consultant basis or otherwise subject to their proven track record and their willingness to serve the organisation in such capacity.

The prevailing HR standards for promotions and/or transfers are designed in such a way that the existing or proposed senior managerial personnel gets all-round exposure in various domains to facilitate career progression, and prepare them for administrative responsibilities to discharge their functions effectively.

Members of the Senior Management Team always endeavour to add capability in-house and mentor subordinates with potential working under them to handle their responsibility in their absence by exposing these persons to all aspects of work being handled by them. In the event of any unexpected occurrence in respect of any member in the core management team, the next person as per the organisation chart shall take interim charge of the position, pending a regular appointment in line with the succession plan.

Principle 4: Directors Duties, Remuneration and Performance

Directors should be aware of their legal duties. Directors should observe and foster high ethical standards and a strong ethical culture in their organisation. Conflicts of interest should be disclosed and managed. The Board is responsible for the governance of the organisation's information, information technology and information security. The Board, committees and individual directors should be supplied with information in a timely manner and in an appropriate form and quality in order to perform to required standards. The Board, committees and individual directors should have their performance evaluated and be held accountable to appropriate stakeholders. The Board should be transparent, fair and consistent in determining the remuneration policy for directors and senior executives.

LEGAL DUTIES

The Directors of RHT are aware of their legal duties and responsibilities as listed in the Mauritius Companies Act 2001.

The Directors further confirm that they exercise their duties with a degree of care, skill and diligence.

CODE OF ETHICS

A Group Code of Ethics has been adopted by the Board to ensure that policies, procedures and controls are in place for the business to be conducted honestly, fairly and ethically. The effectiveness and efficiency of the Group Code of Ethics are reviewed regularly by the Board of Directors to ensure that the Code of Ethics is applied at all levels.

The Code of Ethics includes the principles, norms and standards that the Group wants to promote and integrate within its corporate culture in the conduct of its activities, including internal relations, interaction and dealings with external stakeholders.

Furthermore, the Group and its employees must, at all times, comply with all applicable laws and regulations.

The Group will not condone the activities of employees who achieve results through violation of the law or unethical business dealings. This includes any payments for illegal acts, indirect contributions, rebates, and bribery. The Group does not permit any activity that fails to stand the closest possible public scrutiny.

All business conduct should be above the minimum standards required by law. Accordingly, employees must ensure that their actions cannot be interpreted as being, in any way, in contravention of the laws and regulations governing the Group's operations. Employees uncertain about the application or interpretation of any legal requirements should refer the matter to their superior, who, if necessary, should seek the advice of someone at the highest level of hierarchy.

CONFLICT OF INTEREST

As a Public Interest Entity, RHT makes every effort to ensure that Directors declare any interest and report to the Chairperson and the Company Secretary any related party transactions. A full register of conflicts of interest is kept by the Company Secretary and updated on a regular basis; it is available to shareholders upon request.

As members of the Board, the Directors recognise that they owe a fiduciary duty of loyalty to RHT and its subsidiaries. This duty requires the Directors to avoid conflicts of interest and to act at all times in the best interests of RHT and its subsidiaries. The purpose of the conflicts of interest policy is to help inform the Board about what constitutes a conflict of interest, assist the Board in identifying and disclosing actual and potential conflicts, and help ensure the avoidance of conflicts of interest where necessary.

Corporate Governance Report

Year ended 30 June 2022

CONFLICT OF INTEREST (CONT'D)

In their capacity as Board members, the Directors must subordinate personal, individual business, third-party, and other interests to the welfare and best interests of RHT and its subsidiaries.

All conflicts of interest are not necessarily prohibited or harmful. However, full disclosure of all actual and potential conflicts, and a determination by the disinterested Board members, with the interested Board member(s) recused from participating in debates and voting on the matter, are required.

All actual and potential conflicts of interests are disclosed by Board members to the Corporate Governance, Nomination and Remuneration Committee through the annual disclosure form and/or to the Board whenever a conflict arises. Members of the Board who are not affected determine whether a prohibited conflict exists and what subsequent action is appropriate (if any). The Chairperson of the Corporate Governance, Nomination and Remuneration Committee informs the Board of such determination and action. The Board retains the right to modify or reverse such determination and action, as well as the ultimate enforcement authority with respect to the interpretation and application of this policy.

As per the Constitution of RHT, a Director who has declared their interest may not vote on any matter relating to transaction or proposed transaction in which they are interested but are counted in the quorum present for the purpose of that decision.

RELATED PARTY TRANSACTIONS

Please refer to Note 36 of the Financial Statements.

Both conflict of interest and related party transactions, if any, are handled in accordance with the Group Code of Ethics.

INFORMATION, INFORMATION TECHNOLOGY AND INFORMATION SECURITY GOVERNANCE

IT Policy and Related Expenditures

The Board of Directors realises that in today's technological era, it is important to have a strategic alignment of information security with business strategy in order to achieve organisational goals. As such, the Board ensures that appropriate resources are allocated for the implementation of an information and IT security framework within the organisation.

The Company is also embracing technological change and cloud hosting is used to store most of its digital information. This is part of the strategy to cater for the growth of the organisation across multiple physical locations and to ensure business continuity. Furthermore, the Company has implemented multiple security policies to ensure that data is safeguarded both within its premises as well as on the cloud, including access rights granted only to authorised personnel, password expiry and complexity policy as well as a backup process for digital information.

As part of the planning and budgeting exercise, all IT expenditures are identified. For all purchases of over Rs. 500,000, the Company has set up a Tender Committee for the evaluation and selection of the most appropriate supplier for the requested services and purchases.

BOARD INFORMATION

The Chairperson, with the assistance of the Company Secretary, ensures that Directors receive all information necessary for them to perform their duties and that the Board has sufficient time for consultation and decision-making.

The Board members of RHT ensure that matters relating to the Company, learned in their capacity as Directors, are strictly confidential and private and shall not be divulged to anyone without the authority of the Board.

Besides as already mentioned above, the Directors have the right to request independent professional advice at the Company's expense in cases where the Directors judge it necessary.

DIRECTORS' AND OFFICERS' IMDEMNITY AND INSURANCE

A Directors' and Officers' liability insurance has been taken out at the level of the holding entity.

BOARD EVALUATION AND DEVELOPMENT

Upon the recommendation of the Corporate Governance, Nomination and Remuneration Committee, the Board of Directors has approved that a Board evaluation be carried out on a regular basis, by way of a questionnaire. The Chairperson of the Board of Directors, in collaboration with the Corporate Governance, Nomination and Remuneration Committee acts thereafter on the results of the evaluation by recognising the strengths and addressing the weaknesses of the Board.

It is also noted that the Directors forming part of the Board of the Company, especially those who are members of Board Committees, have been appointed in the light of their wide range of skills and competence acquired through several years of working experience and professional background.

Furthermore, Non-Executive Directors are chosen for their business experience and acumen as well as their ability to provide a blend of knowledge, skills, objectivity, integrity, experience and commitment to the Board. These Directors are free from any business or other relationships which would materially affect their ability to exercise independent judgement and are critical observers.

REMUNERATION

Statement of Remuneration Philosophy

The Board of Directors has delegated to the Corporate Governance, Nomination and Remuneration Committee, the responsibility of determining the adequate remuneration to be paid to the Chairperson of the Board, the Independent Non-Executive Directors, the Non-Executive Directors, the Executive Director and the Management staff.

The remuneration of the Board is reviewed on a regular basis by the Corporate Governance, Nomination and Remuneration Committee before making recommendations to the Board. Remuneration of both Directors and the Senior Management Team is based on performance and effort. No Directors of RHT or its subsidiaries have received shares in lieu of remuneration.

Remuneration Policy

The following policy on remuneration has been adopted by the Company:

Introduction

Pursuant to the requirements of the Code of Corporate Governance for Mauritius, the Board of Directors of a listed company is required to define general guidelines for the Company's remuneration to the Board of Directors and the Executive Management, which must be approved by the Board before a specific agreement on incentive pay with any member of the Company's Board of Directors or Executive Management is entered into.

According to Recommendations on Corporate Governance, the Board of Directors should adopt a Remuneration Policy applicable to the Board of Directors and the Executive Management and that the Policy is tabled for Board approval on a regular basis. The recommendations are based on corporate governance best practices and apply to the members of the Board of Directors and Executive Management of RHT and its subsidiaries.

Any agreements between RHT or its subsidiaries and the Board of Directors or the Executive Management concerning fixed remuneration or incentive pay must be subject to this policy.

Corporate Governance Report

Year ended 30 June 2022

REMUNERATION (CONT'D)

Remuneration Policy (cont'd)

Board of Directors

The ordinary members of the Board of Directors receive a fixed base fee as consideration for their Board duties.

The Chairperson of the Board of Directors receives a fixed fee equalling two times the base fee received by the ordinary Board members.

In addition, the Board members may receive a fixed fee for their work on committees established by the Board of Directors and the Board members may receive separate fees for completion of specific projects, e.g. a sale of the Company or material assets.

The remuneration of the Board of Directors is determined on the basis of standards in the market and reflects demands to competencies and efforts in light of the scope of their work and the number of Board meetings. Each year the general meeting approves the fees payable to the Board of Directors.

Executive Management

Fixed Salary

The aim of paying a fixed salary is to attract and retain the best-qualified candidates at the Executive Management level. The elements of the fixed remuneration are determined based on market standards and the Company's specific needs from time to time. As a part of the fixed salary, the Company may offer other standard benefits, such as a Company car scheme and free telephone.

The Board of Directors and Executive Management evaluate the fixed salary annually based on the results from the previous period and with due consideration to the trend in market standards.

Incentive Pay

To create alignment of interests between the Executive Management and the Company's shareholders and to consider both short- and long-term targets, RHT considers it expedient to set up incentive plans for the members of its Executive Management. Such incentive plans may consist of warrants and non-share-based bonus agreements, which may be continuous, one-off and event-based.

The Board of Directors may enter into agreements with the Executive Management about cash bonus plans. Cash bonus plans consist of a maximum bonus fixed annually which the Executive Management will receive if all targets for the relevant year are met. The maximum cash bonus shall be equivalent to up to 200% of the fixed salary of each member of the Executive Management.

The payment of a bonus depends on whether the conditions and targets defined in the agreement have been fully or partly met. These may be personal targets related to the performance of the individual member of the Executive Management or the performance of RHT or its subsidiaries. In exceptional cases, other agreements that may lead to the payment of a bonus of up to one year's fixed salary may be made. Such agreements are typically expected to be made so as to take effect upon the occurrence of a specific event, for instance the acquisition of a controlling interest in the Company, the completion of a project, the continuing employment of the Executive Management until a specific point in time, defined either as a date or a period after the occurrence of a specific event.

Change and Phase-Out of Incentive Plan

The Board of Directors may change or phase out one or more incentive plans introduced pursuant to this policy. In the evaluation of whether this should be done, the criteria that formed the basis of the establishment of the plan will be taken into account. However, such changes can only be made within the framework of this policy. More extensive changes must be approved by the shareholders.

The total fees earned under the review year by Directors in their capacity as Board members are listed on page 69 of the Report.

DIRECTORS' DEALING IN THE SHARES OF RHT

The Directors of RHT are aware of their responsibilities to disclose any acquisition or disposal of the Company's shares in accordance with the Securities Act 2005 and the DEM Rules of the Stock Exchange of Mauritius Ltd.

In accordance with the DEM Rules, Directors are strictly prohibited to deal in the shares of the Company during closed periods.

INTEREST OF DIRECTORS IN THE SHARES OF THE COMPANY

Written records of the interests of the Directors and their closely related parties in shares of RHT are kept in a Register of Directors' Interests.

Accordingly, as soon as a Director becomes aware that he is interested in a transaction, or that his holdings or his associates' holdings have changed, this should be reported to the Company in writing. The Company Secretary then ensures that the Register of Interests is updated accordingly.

The direct and indirect interests of the Directors and of the Senior Management Team who hold shares in RHT are disclosed in the table below:

Name of Directors	Direct Interest		Indirect Interest	
	No. of shares	%	No. of shares	%
Paul C.K.F AH LEUNG	5,000	0.0411		
Sidharth SHARMA	447,865	3.6824	30,500	0.25
Meha DESAI	540,660	4.4454

Corporate Governance Report

Year ended 30 June 2022

Principle 5: Risk Governance and Internal Control

The Board should be responsible for risk governance and should ensure that the organisation develops and executes a comprehensive and robust system of risk management. The Board should ensure the maintenance of a sound internal control system.

The Board of RHT assumes its responsibilities in maintaining an effective system for risk governance and ensures that the Company develops and executes a comprehensive and robust system of risk management.

The Directors are committed to a strong risk management culture. The Group Chief Executive Officer has the main responsibility of risk management and works with the Senior Management team to effectively perform his duties.

Moreover, all companies within the Group have established a Risk Management Register to ascertain that risks are systematically identified and mitigated so as to minimise the potential impact on information resources.

Audit and Risk Committee

Dear Shareholder and Valued Partner,

As Chairperson of the Audit and Risk Committee, I am pleased to present this report for the financial year ended 30 June 2022, which details the roles and responsibilities of the Committee and the work carried out during the year. I trust that it will be valuable to both our shareholders and stakeholders in appreciating the fulfilment of the Committee's objectives.

The Committee has continued to play a key oversight role for the Board by placing significant emphasis on sustaining the standard of the financial reporting process, as well as assessing Management's judgement on major accounting treatments and the work carried out by third parties. We have placed significant focus on safeguarding the effectiveness and independence of the internal and external audit processes in considering a number of business challenges from the Company's perspective.

Each subsidiary has been regularly submitting a risk report to the Committee which was monitored on a quarterly basis.

The Audit and Risk Committee continues to review closely any control failures identified in the internal audit reports or otherwise and monitors the progress on Management's and any subsidiary's implementation of recommendations and action plans. Where required, the Senior Management Team is welcome to give an insight into the challenges faced and the strategies used to manage these risks.

This year, the Board with the support of the Audit and Risk Committee has focused on improving its internal and external controls. As our internal auditor, PwC has been giving quarterly feedback to the Committee.

The implementation of Management's recommendations is followed closely by the Audit and Risk Committee.

BDO & Co. in their fourth year as auditors have been updating us constantly on their work as external auditor, which has proceeded smoothly.

The Committee met four (4) times during the year under review. The minutes of proceedings are made available to the Board to keep the Directors fully apprised of the activities of the Committee.

Audit and Risk Committee (cont'd)

The highlights for the financial year ended 30 June 2022 were as follows:

Financial Reporting

- Review quarterly reporting.
- Review the Annual Audit Report 2022.
- Take note and analyse the Group's performance and position.
- Take note of the abridged audited financial statements.
- Recommend the adoption of such statements to the Board of Directors prior to publication and filing.
- Review significant matters and judgements including the valuation of investment properties.
- Take note of the litigation registers for the Group and possible financial impact.

External Audit

- Assess the effectiveness and performance of external auditors and their continuing independence with regard to audit and non-audit services.
- Take note of updated accounting policies following recent changes in IFRS requirements and their impact on the financial statements of RHT Holding Ltd.
- Take note of interim financial reports issued.

Health & Safety

- Ensure that the health, safety and environmental risk identification processes lead to sound management strategies within the various activities of RHT Holding Ltd.
- Take note of the consolidated health & safety report (OSH cover and major issues in RHT Holding Ltd and subsidiaries).
- Take note of legal proceedings.

Risk Governance & Internal Controls

- Ensure roles and functions of external and internal audits are clarified, coordinated and effectively carried out.
- Ensure the highest standards of behaviour within the Company and its subsidiaries.
- Evaluate the effectiveness of the internal control and risk management system.

Based on the activities carried out, the Audit and Risk Committee believes that there were no material shortcomings in the design and effectiveness of the internal controls, governance and risk management during the year. The Committee discharged its responsibilities according to its mandate. Looking ahead, we will remain focused on the audit, assurance and risk processes across the Group and its subsidiaries and maintain oversight of financial, environmental and other regulatory requirements.

On behalf of the Audit and Risk Committee and in my personal name, I wish to thank the GCEO and Management Team, our external auditors, the internal audit team and Committee members for their contributions to the discharge of our duties and responsibilities.

On behalf of the Committee

Mr. Kamil Patel
Chairperson
Audit and Risk Committee

Corporate Governance Report

Year ended 30 June 2022

INTERNAL AUDIT

The internal audit function is performed by PwC.

The Internal Audit is responsible for the independent review of the Group's risk management and control environment. Its objective is to provide reliable, valued and timely assurance to the Board, the Audit and Risk Committee, and the Executive Management over the effectiveness of controls, mitigating current and evolving high risks and in so doing enhancing the controls culture and adding value within the Group's activities.

In particular, the Internal Audit assists the Executive Management by carrying out independent assessment and appraisals of the effectiveness of the internal control environment and makes value added recommendations for improvement, and supports the Group's strategies, objectives and business management policies.

The Audit and Risk Committee approves the Internal Audit's programme and resources, reviews and discusses major audit findings together with management responses and evaluates the effectiveness of Internal Audit. The audit assignments carried out by PwC for the year under review were:

- Follow-up review – Human Resources and Financial Closure – RHT Group
- Follow-up review – Store Management – RHT Bus Services Ltd
- Risk Management Processes - RHT Group
- Revenue and Receivables – Island Communications Ltd

The Follow-up reviews as well as the Revenue and Receivables assignments have been completed. The Risk Management Processes exercise will help to implement an Enterprise Risk Management Framework. The Audit and Risk Committee and the Directors oversee risk management. The Board aims at ensuring that risks faced are effectively identified, assessed, monitored and managed at acceptable levels in order to improve the risk-return profile of its shareholders.

To achieve this aim, RHT has put in place an organisational structure with clear lines of responsibilities to mitigate risks, as shown below.

Board of Directors
Composition:
 Directors of RHT Holding Ltd

Level 2
Composition:
 Audit and Risk Committee and/or Group Chief Executive Officer and/or Group Executive Head of Operations

Level 1
Composition:
 Management Team of Business Unit

Operations Team
 Business Unit

Some of the most important risks to which the Company is exposed are defined hereunder:

Financial risks – These risks, including currency risks, interest rate risks and price risks, are reported on pages 105 to 118 of the Financial Statements.

Legal and regulatory risks – These risks arise out the inability to comply with policies, laws and regulatory requirements.

Operational risk – These risks are defined as the risk of loss arising from inadequate or failed internal processes, people and systems or from external events.

Strategic risks and business risks – These risks arise due to inappropriate business decisions or inadequate future business strategies in relation to the operating environment. The risk is usually caused by inflexible cost structures, changes in the business environment, Government or international regulatory decisions.

INTERNAL AUDIT (CONT'D)

Risk Governance Process

Risk Category	Risk	Level 1	Level 2
Financial	Risk of failing to maintain adequate liquidity levels resulting in group company subsidiaries being unable to meet their obligations as they fall due.	Regular monitoring of cashflow via the review of cashflow forecast and reporting cashflow requirements to executive officers to assist in securing facilities. Review covenants of financial arrangements with financial institutions and report looming deadlines to executive officers.	Assess request for funding and where relevant, recommend for approval to Board of Directors. Share approval of Board of Directors with Management Team to arrange for funding.
Legal and regulatory	Risk of incurring financial and non-financial loss due to failure to comply with legal requirements.	Review of compliance with statutory requirements. Take note of new statutory requirements from announcements by relevant authorities and notification from the Company Secretary. Report to executive officers any notice of failure to comply with statutory requirements.	Assess impact of failure to comply with statutory requirements. Update Audit and Risk Committee on defaults so that remedial action can be taken via Internal Audit exercise or via audit to be performed by legal firms to assess compliance with applicable legislation. Share recommendations of Audit and Risk Committee with Management Team to implement remedial action.
Operational	Risk of procedures not being followed with the effect of causing financial and non-financial loss to the business unit.	Ensure that set procedures are complied with. Report material departures to the Audit and Risk Committee. Comply with HR policies with regards to sanctions applicable to departure from contractual agreement.	Assess the financial and non-financial impact of the reported departure. Request Internal Auditor to investigate the matter and report on findings. Report the findings to the Board of Directors. Report decision of the Board of Directors to Management Team for implementation.
Strategic and Business	Risk of not meeting targeted results and missing business opportunities.	Regular meetings with operational teams and monitoring of performance of business units via the review of monthly reporting. Prepare working papers to update executive officers on potential new business avenues.	Meeting Management Teams at regular intervals as well as reviewing the reporting produced to assess the performance of the business unit. Make recommendations to Board of Directors about new business opportunities and arrange for facilitators and resources to explore new business avenues.

WHISTLE-BLOWING POLICY

In order to ensure that RHT is fully protected against bribery and or corruption, the Board has constituted an Ethics Committee. Information about its composition and terms of reference is available on request.

Corporate Governance Report

Year ended 30 June 2022

Principle 6: Reporting with Integrity

The Board should present a fair, balanced and understandable assessment of the organisation's financial, environmental, social and governance position, performance and outlook in its annual report and on its website.

The Directors of RHT affirm their responsibilities for preparing the Annual Report and Financial Statements of the Company.

The Board also considers that the Annual Report and Financial Statements of the Company, taken as a whole, are fair, balanced and understandable and provide the information necessary for shareholders and other key stakeholders to assess the position, performance and outlook of RHT.

Please refer to the Statement of Directors' Responsibilities found on page 66 of the Annual Report.

SUSTAINABILITY REPORTING

Energy and Air quality

With energy and poor air quality being the two of the most pressing issues of today, RHT Bus Services Ltd with the 13kWp of solar PV panels have contributed to emitting some 11,928.47 kg of CO₂ less to the atmosphere, as shown below:

The Evs have also contributed to a reduction of some 26,942 litres of diesel which if burnt would have produced and emitted 70,590 kg of CO₂ to the atmosphere. RHT BS contribution to this edge shows an amount of 82,518.47 kg of less CO₂ being emitted.

FY year 2022 shows a drop through proactive maintenance systems as RHT buses contravened for emission of black smoke and this further contributes to the better level of air quality. It is noted that only the Euro 0 buses namely the Nissan buses are contravened for opacity issues. The total of Nissan buses contravened for opacity issues remain at seven [07] nos despite their age.

Continuous effort on proactive approach at looking at the level of emissions have brought in a drop in CO₂ emission in spite of covering more kilometres.

	CO ₂ emission [kg]	Km operated	CO ₂ per km
Yr 20	2,402,552	2,449,457	0.98
Yr 21	2,393,472	2,702,204	0.89

SUSTAINABILITY REPORTING (CONT'D)

Energy Savings

With the installation of 27 Solar LED lights rated at 100 watts across the depots for night lighting, RHT BS Ltd has reduced the yearly power consumption by around [891*12] **10,692 kWh** and has subsequently paved its way to usage of less generated power.

The 120 kW charger for the Evs had its wiring reoriented to utilise the maximum available power from the CEB i.e. a power supply of 45 kW and this in turn lead RHT to be consuming less kWh and have the Evs more productive in terms of kWh/km. Below chart depicts the action plan.

Water table

With RHT BS opting for use of only Sealed Maintenance Free batteries, led to a positive contribution to the betterment of the underground water with less electrolyte seeping into the water table. All scrapped batteries are disposed to authorised scrap metal dealers.

Corporate Governance Report

Year ended 30 June 2022

SUSTAINABILITY REPORTING (CONT'D)

Potable water & Effluent

The automatic bus washing plant with its water recycling plant has contributed to using less water for a wash cycle and yielded a positive impact on the effluent. Analysis of the effluent shows a normalisation on the parameters such pH, Chemical Oxygen Demand (COD), and the heavy metals.

The yearly computed monthly figures show a proactive approach towards the management of effluent at RHT BS Ltd. See table extrapolated from the monthly effluent analysis reports.

Except for the Total Suspended solids, the report in general is positive.

Units	Norms	Average
COD	1500	825
BOD	N/A	333
TKN	80	12
pH	5 to 9	7
Total suspended solids	400	742

Adsorbable Organically bound halogens-AOX	1	0.1000

HUMAN RESOURCES

The Board and Management acknowledge that our people are critical to the success of our business. For the year under review our strategy with regard to Human Capital was mainly focused on the following areas.

Remuneration Programme

The current remuneration and compensation practices throughout the Group are under review with the aim of adopting a more strategic and market-based approach that will enable the Group to attract and retain the required talents to sustain its continued diversification and expansion. Establishing a common framework for compensation practices and performance management evaluation will help develop predictable pay practices that in turn will drive internal credibility and so increase the level of talent retention throughout the Group.

OPERATIONAL STATISTICS FY 2022

Introduction

Though the end of the FY 2022 has seen the end of the Covid-19 lockdown, this has unfortunately not brought back the situation to a pre-Covid level for the following reasons:

- Many companies are still implementing the work from home in some form or the other.
- Many passengers have adopted new modes of transport (shunning the public transport).
- High level of inflation and general slowing down of the economy.

Taking the above into consideration, RHT has established that the most optimal fleet size currently is at 57 buses per day as per below:

Period	Start Date	End Date	# Buses	Notes
FY 2020	19-03-2021	15-05-2020	5	Post-lockdown, country was Covid-19 free.
FY 2021	10-03-2021	01-06-2021	40	Country not Covid-19 free and cases keep rising.
FY 2022	19-04-2022	18-05-2022	57	Increase in diesel from Rs. 45.10 to Rs. 49.60 (Increase by 10%).
FY 2022	08-05-2022		57	Increase in fare structure.
FY 2022	18-05-2022		57	Increase in diesel from Rs. 49.60 to Rs. 54.55 (Increase by 10%).

Notable points to note for this current financial year are as follows:

- Diesel price increased from Rs. 45.10 to Rs. 54.55;
- Fares were increased as from 08/05/2022;
- Reduction of the financial support from the government (due to fare increases).

The operational focus in the FY 2022 remains on cost reduction and operational optimisation to match the demand.

PAX AND TRAFFIC RECEIPT

The following graphs show the number of pax carried and the corresponding traffic receipt collected.

Number of Pax

	Jul	Aug	Sep	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun
2019-2020	596,860	621,955	594,155	656,375	568,848	648,649	497,898	469,090	325,311	19,192	93,194	396,247

Jun	6,604,233	5,835,414	8,514,584

Corporate Governance Report

Year ended 30 June 2022

PAX AND TRAFFIC RECEIPT (CONT'D)

Notes:

- Since the increase in fare structure, an increase in the revenue for the last 2 months in FY 2022 was noticed.
- Overall, the total revenue from traffic receipt dropped from Rs. 80,607,780 in FY 2021 to Rs. 78,979,802 in FY 2022.

RHT believes that the drop is mainly due to the combined effect of the slowdown of the economy, the prolonged effect of the pandemic and the full effect of Metro Express (Port Louis-Trianon).

OPERATING COSTS

Though the total operating costs in FY 2021 was Rs. 165,883,423 versus Rs. 165,072,241 in FY 2022, representing a slight decrease of 0.5%, RHT noticed that as from the month of February onwards, there was a net increase in operation costs compared to the previous years. This can be explained as follows:

- Higher level of sick leaves (due to Covid-19);
- The severe rise in cost of spare parts (due to the freight issue and inflation); and
- Increased maintenance required due to some of our buses having more frequent breakdowns.

	2019-2020	2020-2021	2021-2022
Jul	14,828,570	15,311,542	13,001,665
Aug	14,791,841	15,168,210	13,389,442
Sep	14,694,526	14,630,303	13,122,408
Oct	14,185,588	15,614,214	13,395,085
Nov	14,088,866	15,066,515	12,725,829
Dec	14,976,618	13,932,946	12,722,383

	2019-2020	2020-2021	2021-2022
Jan	14,492,499	15,354,769	12,430,872
Feb	13,798,925	16,096,558	12,892,282

Apr	11,142,206	9,639,142	15,227,577
May	12,691,300	11,226,528	15,300,344
Jun	13,661,235	8,751,753	16,163,227

NUMBER OF TRIPS PERFORMED

The following table displays the number of trips performed in FY 2021 versus FY 2020.

	Jul	Aug	Sep	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun
2019-2020	16,599	16,249	14,776	16,223	15,593	16,250	12,691	11,427	9,566	1,657	7,541	15,885
2020-2021	16,445	16,267	15,829	15,684	16,659	16,502	14,724	13,309	7,496	9,778	12,837	13,864
2021-2022	14,361	14,094	13,884	14,090	13,182	14,333	13,213	11,289	13,530	13,443	14,361	14,398

The number of trips performed (all routes) in FY 2021 was 13,864 compared to 14,398 in FY 2022 representing an increase in the number of trips by 4%.

ROUTES STATISTICS

The various revenue per route is as per the graphs below:

Route 1

Route 1A

Corporate Governance Report

Year ended 30 June 2022

ROUTES STATISTICS (CONT'D)

Route 1B

Route 1D

Route 40

Route 145

Route 174

Route 174B

Route 177

Route 239

Route 31

Key points to observe is as follows:

- The highest revenue-generating route remains Route 1 with a total earning of Rs. 19,576,891 whereas the lowest earning route is Route 40 with an earning of Rs. 198,662.
- The route with the highest drop in revenue is Route 1, where the revenue dropped from Rs. 25,525,498 in FY 2021 to a value of Rs. 19,576,891 in FY 2022 representing a drop of 23%.

Corporate Governance Report

Year ended 30 June 2022

EARNINGS PER TRIP

	Jul	Aug	Sep	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun
2019-2020	642	659	654	632	638	728	627	600	525	283	212	416
2020-2021	472	489	497	530	464	589	491	534	391	275	426	421
2021-2022	458	488	485	503	425	460	412	430	453	468	576	591

As per the graph, it has been noticed that there is a slight increase in the average earning per trip from Rs. 465 in FY 2021 to Rs. 479 in FY 2022.

LEAVES TAKEN

RHT noticed a rise of 29% in the number of leaves taken in FY 2022 compared to FY 2021. The reasons being as follows:

- The rise is mainly in the month of May and June 2022.
- Most employees were booking in some sick leaves due to feverish conditions after vaccination and Covid-19.

Comparison sick leaves taken

	Jul	Aug	Sep	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun
2019-2020	275	245	168.5	201.5	177	248.5	739.5	511	325.5	10	82.5	500.5

Corporate Governance Report

Year ended 30 June 2022

END WORD

Though during the first half of FY 2022 RHT was still experiencing some sort of sanitary measures, the second half has seen a return to normal. RHT believes that running 57 buses per day represents the new normal for the Company. The increase in fair has also reduced the losses made by the Company. However, restructuring of the industry is really needed for the Company to be sustainable in the long run.

HEALTH AND SAFETY

Safety and Health Policy Statement

RHT Holding Ltd holds the safety and health as utmost priorities in its daily business conduct, engaging with all stakeholders by way of an open dialogue, to ensure a safe and healthy workplace in all its locations.

In fulfilling this commitment to protect both people and assets, management will provide and maintain a safe and healthy work environment in accordance with industry standards and in compliance with legislative requirements. RHT Holding Ltd will strive to eliminate any foreseeable hazards which may result in personal injury/illness, property damage and accidents.

RHT Holding Ltd offers appropriate Health & Safety related information, instruction and supervision to its employees, during induction, or as required by the job specificities. RHT Holding Ltd ensures that employees are competent to carry out their work, in safe and healthy conditions.

RHT Holding Ltd implements, for all its operations, appropriate policies and procedures regarding safety and health in the workplace and keep the latter under constant review.

All employees within RHT Holding Ltd must be aware of their role and personal responsibilities in the practice of their duties. They must demonstrate the strictest discipline in preventing accidents and deliberate damage to any measure or equipment provided to safeguard health and safety. They must report any concerns about matters affecting their Health and Safety to their immediate manager and/or safety and health officer.

To uphold these principles, RHT Holding Ltd commits to share its Health and Safety Policy with all employees and has designated certain members of staff to be responsible for the implementation and management of the Company's Health and Safety procedures, for the liaison with enforcement agencies where necessary and for keeping the Management and Board of Directors abreast of new legislation.

The Safety and Health Policy is formally reviewed on a regular basis. However, amendments may be introduced at any time.

This Safety and Health Policy is applicable to RHT Holding Ltd and its subsidiary Business Units (BUs), which are:

- RHT Bus Services Ltd;
- Island Communications Ltd;
- Izy e-Markets Ltd (previously known as Advance Institute of Motoring Ltd);
- FleetPro Services Ltd;
- Flo Mobility Services Ltd (previously known as mychauffeur Ltd); and
- RHT Investment Ltd.

Health and Safety Report

RHT Holding Ltd strongly commits itself to provide the right environment for the health, safety and welfare of its employees, customers and other stakeholders. In our endeavour to uphold to this commitment, the Company has laid emphasis on mitigating H&S risks. Health and safety risk assessment was conducted to identify risks to our people. Weekly site tours were carried out with respective departmental managers in view of identifying potential risks within their area of control and corrective actions are listed and followed-up regularly to ensure that all captured issues are being tackled.

Training and awareness are paramount in Health & Safety. The Company has developed a health and safety manual for RHT BS, covering all operations. Key information for conductors and drivers has been simplified in a one pager document and translated in Creole for ease of understanding and provided to them during their training.

HEALTH AND SAFETY (CONT'D)

Health and Safety Report (cont'd)

As for emergency preparedness, fire wardens have been trained in fire safety and evacuation procedures. Fire wardens were also trained on how to use fire extinguishers and hose reels to tackle small fires. A fire drill was organised to test our procedures and ability to respond to fire incidents.

The Covid-19 pandemic had an impact on the management of health and safety at RHT Holding Ltd. Appropriate response plans had to be implemented to protect the health and safety of our employees and public using our services. Our buses were disinfected on a daily basis and our bus drivers and conductors were provided with face masks and hand sanitisers. For back-office operations, social distancing measures have been set up, face masks and hand sanitisers have been made available. Additionally, the Company has sourced Rapid Antigen test kits for random testing amongst employees to ensure that that our services and premises are safe for our customers and other stakeholders.

The well-being of our employees is also an important aspect at the Company. A health and well-being week was held in May 2022 covering events such as mental health, blood donation, nutrition and health check-up. These events aimed at increasing employees' awareness on the impact of health and lifestyle issues.

Customer Proximity Initiative

In a way to improve services offered, RHT Bus Services Ltd has organised a "Customer Proximity Initiative" on Saturday 11 June whereby passengers gave their feedbacks and suggestions.

Suppliers / Customers Relationship Management

RHT Holding and RHT Bus Services Ltd jointly through the Group Procurement and Facility Manager have organised a Suppliers and Customers relationship management meeting which involved 15 representatives of companies. The main objective was to improve business processes internally and with suppliers.

CORPORATE SOCIAL RESPONSIBILITY ("CSR")

RHT recognises its social responsibility within the community and is committed to contributing to its welfare by undertaking various projects.

For the year under review, the CSR contribution was made at Group level through RHT's subsidiaries and amounted to Rs. Nil (2021: Nil).

CHARITABLE AND POLITICAL CONTRIBUTIONS

No political donations were made during the year under review (2021: Nil).

Sponsorship for Children Toys

RHT sponsored Né Pour Servir Association in order to cater the needs of the vulnerable ones. Toys were offered to a number of children of specific age groups to make them experience the real magic of Christmas and to put a smile on their face.

Age Group	Number of children
3-5 years old	100
5-7 years old	100
8-11 years old	100

Gifts were distributed to children living in the following localities: Camp Créole Albion, St Martin/Canot, Gros Cailloux/Croisée Chebel, Petite Rivière, Chebel/Chebec/Kosovo, Barkly/Mont Roches.

Corporate Governance Report

Year ended 30 June 2022

Principle 7: Audit

Organisations should consider having an effective and independent internal audit function that has the respect, confidence and co-operation of both the Board and the management. The Board should establish formal and transparent arrangements to appoint and maintain an appropriate relationship with the organisation's internal and external auditors.

Please refer to page 44 on the role of the Audit and Risk Committee.

EXTERNAL AUDIT

BDO & Co. Ltd have been appointed as the External Auditors of the Company since 23 August 2019.

The Audit Committee has assessed the effectiveness and performance of external auditors and their continuing independence with regard to audit and non-audit services.

The Audit and Risk Committee has regularly met External Auditors in the presence of management. However, it was considered that this would not have any impact on the objectivity of the meetings.

The Audit and Risk Committee has discussed the significant audit issues in relation to the financial statements and these have been disclosed as Key Audit Matters on pages 74 to 77.

INFORMATION ON NON-AUDIT SERVICES

The Company has appointed BDO Financial Services Ltd for tax compliance and other services. The fees charged for this service amounted to Rs. 197,000 for the year ended 30 June 2022 (2021: Rs. 155,000).

Principle 8: Relations with Shareholders and Other Key Stakeholders

The Board should be responsible for ensuring that an appropriate dialogue takes place among the organisation, its shareholders and other key stakeholders. The Board should respect the interests of its shareholders and other key stakeholders within the context of its fundamental purpose.

SHAREHOLDERS' AGREEMENT

The Board has no knowledge of any such agreement entered by the shareholders.

EMPLOYEE SHARE OPTION PLAN

The Group has no Employee Share Option Plan.

THIRD PARTY MANAGEMENT AGREEMENT

Save and except for management contracts between RHT and its subsidiaries, there was no agreement between third parties and the Company or its subsidiaries during the year under review.

SHAREHOLDERS AND STAKEHOLDERS COMMUNICATION

The Board of Directors places great importance on transparency and optimal disclosure to shareholders and hence ensures that shareholders are kept informed on matters affecting the Group.

To this end, the website of RHT has been redesigned and relaunched. It will be reviewed and augmented regularly to provide maximum information to both our business partners and our shareholders.

Shareholders are also invited to attend the Company's Annual Meeting, which remains the ideal forum for discussions with the Directors and the Management team.

The Chairperson, Chief Executive Officer and other Board members attend the Annual Meeting and invite Shareholders to put questions on different aspects of the Company's activities and directions the business will take in the future.

The Annual Report is sent to each shareholder of the Company at least 14 days before the meeting. However, pursuant to the amendments made to the Companies Act 2001, the Notice of the Annual Meeting of shareholders is sent to each shareholder of the Company at least 21 days before the meeting.

The Group continuously engages with its stakeholders to understand their priorities and concerns through benchmarking, sector meetings, client surveys and direct contacts.

Timetable of Important Events

Months	Events

Corporate Governance Report

Year ended 30 June 2022

DIRECTORS' STATEMENT OF RESPONSIBILITIES

The Directors acknowledge their responsibilities for:

- (i) Adequate accounting records and maintenance of effective internal control systems;
- (ii) The preparation of consolidated financial statements which fairly present the state of affairs of the Group and Company as at the end of the financial year and the results of their operations and cash flows for the year then ended which comply with International Financial Reporting Standards (IFRS) and the Mauritius Companies Act 2001; and
- (iii) The selection of appropriate accounting policies supported by reasonable and prudent judgments.

The external auditors are responsible for reporting on whether the consolidated financial statements are fairly presented.

The Directors report that:

- Adequate accounting records and an effective system of internal controls and risk management have been maintained;
- Appropriate accounting policies supported by reasonable and prudent judgments and estimates have been used consistently;
- International Financial Reporting Standards and the Mauritius Companies Act 2001 have been adhered to. Any departure in the interest in fair presentation has been disclosed, explained and quantified; and
- The Code of Corporate Governance has been adhered to.

Approved by the Board of Directors on 29 September 2022 and signed on its behalf by:

Paul Chung Kim Fung Ah Leung
Chairperson

Dr. Sidharth Sharma
Group Chief Executive Officer

CERTIFICATE FROM THE COMPANY SECRETARY

In our capacity as Company Secretary, we hereby confirm that, to the best of our knowledge and belief, the Company has filed with the Registrar of Companies, for the financial year ended 30 June 2022, all such returns as are required of the Company under the Mauritius Companies Act 2001.

INVESTING FOR THE FUTURE

Independent Auditor's Report to the shareholders of RHT Holding Ltd

REPORT ON THE AUDIT OF THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS

Opinion

We have audited the consolidated financial statements of RHT Holding Ltd (the Group), and the Company's separate financial statements on pages 80 to 156 which comprise the consolidated and separate statements of financial position as at June 30, 2022, and the consolidated and separate statements of profit or loss and other comprehensive income, consolidated and separate statements of changes in equity and consolidated and separate statements of cash flows for the year then ended, and notes to the consolidated and separate financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated and separate financial statements on pages 80 to 156 give a true and fair view of the financial position of the Group and of the Company as at June 30, 2022, and of their financial performance and their cash flows for the year then ended in accordance with International Financial Reporting Standards and comply with the Mauritian Companies Act 2001.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing ("ISAs"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated and Separate Financial Statements* section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' *International Code of Ethics for Professional Accountants (including International Independence Standards) (the "IESBA Code")*. We have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated and separate financial statements of the current period. These matters were addressed in the context of our audit of the consolidated and separate financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Independent Auditor's Report to the shareholders of RHT Holding Ltd

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS (CONT'D)

1. Revenue recognition - Cash Receipts

Key Audit Matter

Total consolidated revenue for the financial year ended 30 June 2022 amounted to Rs 207.2m (2021: Rs.181.8m). Revenue of the Group is derived from the following key segments: Bus Operations, Trading Activities and Services (Note 24). As stated in the Accounting policies in Note 2 and in line the IFRS 15 *Revenue from Contracts with Customers* ("IFRS 15"), the Group recognises revenue when a performance obligation is satisfied by transferring control over a promised good or service.

More than 85% of revenue is in the form of cash collected directly from end customers, which is handled by employees before being banked on a daily basis. Handling of cash is inherently risky and is highly susceptible to misappropriation and fraud. Ensuring completeness of revenue is therefore a challenge in a business which handles a high volume of physical cash.

Group revenue is considered as a key audit matter due to the inherent risk of fraud and misappropriation linked with the handling of cash receipts.

Related Disclosures

Refer to note 24 of the accompanying financial statements.

Accounting policy note 2.16.

Audit Response

- We have tested the design and implementation of the control areas in the cash handling, revenue recognition and revenue recording process.
- We have tested key controls around the cash collection and revenue process.
- For a sample of daily cash collection, we have reconciled cash collected to bank deposit slips and we have traced receipts to bank statements in order to ensure that cash collected matches with deposits in the bank.
- We have performed analytical procedures on revenue to ascertain trends, peaks, troughs and patterns which we have assessed against Key Performance Indicators of the business, budgets and the overall business environment, in conjunction with prevailing regulatory and economic conditions to determine overall reasonableness in order to ascertain whether revenue is not materially misstated.
- We have obtained revenue listings from the Management and analysed the journal entries to identify unusual transactions. We have tested a sample of reversals which were recorded in the Client ledger.
- We have ensured that balances per sales ledger tallies with the general ledger and ultimately tallies with the trial balance, which forms the basis of the revenue balance on the financial statements.
- We have circularised banks as at reporting date.
- We assessed whether the Group's disclosures in the consolidated financial statements in respect of revenue were in accordance with the requirements of IFRS 15.

Independent Auditor's Report to the shareholders of RHT Holding Ltd

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS (CONT'D)

2. Valuation of financial assets at fair value through Other Comprehensive Income

Key Audit Matter

As at June 30, 2022, RHT Investments Ltd's financial assets at fair value through Other Comprehensive Income amounted to Rs.369.2m (2021:Rs.362.8m).

As at June 30, 2022, RHT Investment Ltd's financial assets at fair value through Profit and Loss amounted to Rs.201m (2021:Rs.178.7m).

Financial assets at fair value through Other Comprehensive Income include a mix of quoted and unquoted investments.

Unquoted investments amounted to Rs.98m at June 30, 2022 and Rs.99m at June 30, 2021.

In assessing the fair value of financial assets, RHT Investment Ltd uses a variety of methods and makes assumptions that are based on market conditions existing at each reporting date. Many of the inputs required can be obtained from readily available liquid market prices and rates. Where observable market data is not available, estimates are developed based on the most appropriate source data and are subject to significant judgment.

The significance of the unquoted investments in financial assets on the statements of financial position and the use of judgements and estimates in measuring their fair value resulted in them being identified as a Key Audit Matter.

Related Disclosures

Refer to note 36 of the accompanying financial statements.

Accounting policy note 2.8.

Audit Response

- We have tested the design and implementation of the controls relating to the investment cycle.
- We have ensured that the financial assets are being recognised and measured in line with the respective IFRS.
- We have ascertained that the valuation techniques used are appropriate and consistently applied.
- We have reviewed and discussed with management and those charged with governance the Company's assessment of whether there is objective evidence that a financial asset is impaired and the completeness of impaired assets.

Independent Auditor's Report to the shareholders of RHT Holding Ltd

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS (CONT'D)

2. Valuation of financial assets at fair value through Other Comprehensive Income

Key Audit Matter

Audit Response (cont'd)

- We have circularised foreign and local securities at the reporting date.
- We have checked the reasonableness of inputs to the valuation techniques used.
- We have used our audit expert to assess the assumptions made in determining the discount rates used in the discounted cash flows used to fair value certain investments.
- We have evaluated whether disclosures in the consolidated financial statements in respect of financial assets at fair value through Other Comprehensive Income were in accordance with the requirements of International Financial Reporting Standards.

Other information

The Directors are responsible for the other information. The other information comprises the information included in the annual report but does not include the consolidated and separate financial statements and our auditor's report thereon.

Our opinion on the consolidated and separate financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated and separate financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated and separate financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Auditor's Responsibilities for the Audit of the Consolidated And Separate Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated and separate financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated and separate financial statements.

Independent Auditor's Report to the Shareholders of RHT Holding Ltd

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS (CONT'D)

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated and separate financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group and the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Directors.
- Conclude on the appropriateness of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group and the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated and separate financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated and separate financial statements, including the disclosures, and whether the consolidated and separate financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated and separate financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated and separate financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Independent Auditor's Report to the Shareholders of RHT Holding Ltd

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

Mauritian Companies Act 2001

The Mauritian Companies Act 2001 requires that in carrying out our audit we consider and report on the following matters. We confirm that:

- We have no relationship with, or interests in, the Company or any of its subsidiaries, other than in our capacity as auditors, and dealings in the ordinary course of business.
- We have obtained all information and explanations we have required.
- In our opinion, proper accounting records have been kept by the Company as far as it appears from our examination of those records.

Financial Reporting Act

Our responsibility under the Mauritian Financial Reporting Act 2004 is to report on the compliance with the Code of Corporate Governance ("Code") disclosed in the annual report and assess the explanations given for non-compliance with any requirement of the Code. From our assessment of the disclosures made on corporate governance in the annual report, the public interest entity has, pursuant to section 75 of the Mauritian Financial Reporting Act 2004, complied with the requirements of the Code.

Financial Reporting Act

Our responsibility under the Mauritian Financial Services Act 2007 Circular Letter CL281021 is to report on the compliance with the Code of Corporate Governance ("Code") disclosed in the annual report and assess the explanations given for non-compliance with any requirement of the Code. From our assessment of the disclosures made on corporate governance in the annual report, the Company has complied with the requirements of the Code.

Other Matter

This report is made solely to Company's shareholders as a body, in accordance with Section 205 of the Mauritian Companies Act 2001. Our audit work has been undertaken so that we might state to the Company's shareholders those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's shareholders as a body, for our audit work, for this report, or for the opinions we have formed.

Notes to the Financial Statements

for the year ended June 30, 2022

1. GENERAL INFORMATION

RHT Holding Ltd is a public Company, incorporated in the Republic of Mauritius and listed on the Development & Enterprise Market ("DEM") of the Stock Exchange of Mauritius Ltd. Its registered office is situated at 32 (ex. 14) Hugnin Street, Rose Hill, Republic of Mauritius.

The activity of the Company is an investment holding Company. The Group is involved in mobility, investments and technology, more details are disclosed in note 9 of the financial statements.

These financial statements will be submitted for consideration and approval at the forthcoming Annual Meeting of shareholders of the Company.

2. SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies adopted in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated (notes 33 and 38). The financial statements are stated in Mauritian Rupees, which is the Company's functional and presentation currency.

2.1 Basis of preparation

The consolidated and separate financial statements are prepared in accordance with International Financial Reporting Standards (IFRS), as issued by the International Accounting Standards Board ("IASB") and complied with the Mauritian Companies Act 2001 and Mauritian Financial Reporting Act 2004.

The consolidated and separate financial statements have been prepared on a historical cost basis, except for the following:

- (i) Land and buildings, which are carried at revalued amounts;
- (ii) Investment properties, which are stated at their fair value;
- (iii) Financial assets at fair value through other comprehensive income and profit or loss are stated at their fair value.

Going concern

The Board of Directors has made an assessment of the Group's ability to continue as a going concern and is satisfied that the Group has the resources to continue in business for the foreseeable future.

At June 30, 2022 the net current liabilities stood at Rs.63.5M (2021: Rs.61.4M) for the Group and Rs.119.6M (2021: Rs.102M) for the Company. The Directors have considered cash flow forecasts and other projects and discussions as described in note 38 to assess the going concern.

In light of the above assessment and key areas of uncertainty, the Directors having considered the adequacy of the Group and Company's funding, borrowing facilities and operating cashflows, for at least the next 12 months, are satisfied that the financial statements are prepared on a going concern basis based on the future plans that the Directors have for the Group.

Notes to the Financial Statements

for the year ended June 30, 2022

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

2.1 Basis of preparation (cont'd)

Amendments to published Standards effective in the reporting period

Definition of a Business (Amendments to IFRS 3) clarifies the definition of a business to help determine whether a transaction should be accounted for as a business combination or an asset acquisition and permits, in certain circumstances, a simplified assessment that an acquired set of activities and assets is not a business. The amendments have no impact on the Group's financial statements.

Definition of Material (Amendments to IAS 1 and IAS 8) clarifies the definition of material and aligns the definitions used across IFRSs and other IASB publications. The amendments have no impact on the Group's financial statements.

Interest Rate Benchmark Reform (Amendments to IFRS 9, IAS 39 and IFRS 7) provides relief from certain hedge accounting requirements in order to avoid unnecessary discontinuation of existing hedge relationships during the period before the replacement of an existing interest rate benchmark with an alternative interest rate. The amendments have no impact on the Group's financial statements.

Standards, Amendments to published Standards and Interpretations effective in the reporting period

Interest Rate Benchmark Reform Phase 2

IFRS 4 Insurance Contracts: The amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16 amend requirements relating to changes in the basis for determining contractual cash flows of financial assets, financial liabilities and lease liabilities, hedge accounting and disclosures. The amendment to IFRS 4 enables an insurer applying the temporary exemption from IFRS 9 to apply a practical expedient to account for a change in the contractual cash flows that are required by IBOR reform by updating the effective interest rate to reflect any change arising from the reform. The amendments have no impact on the Group's financial statements.

IFRS 7 Financial Instruments - Disclosures: The amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16 amend requirements relating to changes in the basis for determining contractual cash flows of financial assets, financial liabilities and lease liabilities, hedge accounting and disclosures. The amendment to IFRS 7 requires a company to make additional disclosures in its financial statements so that investors can better understand the effects of IBOR reform on that company. The amendments have no impact on the Group's financial statements.

IFRS 9 Financial Instruments: The amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16 amend requirements relating to changes in the basis for determining contractual cash flows of financial assets, financial liabilities and lease liabilities, hedge accounting and disclosures. The amendments to IFRS 9 enable a company to apply a practical expedient to account for a change in the contractual cash flows that are required by IBOR reform by updating the effective interest rate to reflect any change arising from the reform. The amendments to IFRS 9 enable (and require) companies to continue hedge accounting in circumstances when changes to hedged items and hedging instruments arise as a result of changes required by the IBOR reform, by requiring companies to amend their hedging relationships to reflect:

- Designating an alternative benchmark rate as the hedged risk; or
- Changing the description of the hedged item, including the designated portion, or of the hedging instrument.

The amendments have no impact on the Group's financial statements.

Notes to the Financial Statements

for the year ended June 30, 2022

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

2.1 Basis of preparation (cont'd)

Standards, Amendments to published Standards and Interpretations effective in the reporting period (cont'd)

IFRS 16 Leases: The amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16 amend requirements relating to changes in the basis for determining contractual cash flows of financial assets, financial liabilities and lease liabilities, hedge accounting and disclosures. The amendment to IFRS 16 enables a company to apply a practical expedient to account for a lease modification required by the IBOR reform. The amendments have no impact on the Group's financial statements.

Standards, Amendments to published Standards and Interpretations issued but not yet effective

Certain standards, amendments to published standards and interpretations have been issued that are mandatory for accounting periods beginning on or after January 1, 2022 or later periods, but which the Group has not early adopted.

At the reporting date of these financial statements, the following were in issue but not yet effective:

Effective date January 1, 2022

IFRS 1 First-time Adoption of International Financial Reporting Standards

Annual Improvements to IFRS Standards 2018-2020: Extension of an optional exemption permitting a subsidiary that becomes a first-time adopter after its parent to measure cumulative translation differences using the amounts reported by its parent, based on the parent's date of transition to IFRSs. A similar election is available to an associate or joint venture.

IFRS 3 Business Combinations

Reference to the Conceptual Framework: The amendment updates a reference in IFRS 3 to the Conceptual Framework for Financial Reporting without changing the accounting requirements for business combinations.

IFRS 9 Financial Instruments

Annual Improvements to IFRS Standards 2018-2020: The amendment clarifies which fees an entity includes when it applies the '10 per cent' test in assessing whether to derecognise a financial liability.

IAS 16 Property, Plant and Equipment

Property, Plant and Equipment: Proceeds before Intended Use: The amendments prohibit an entity from deducting from the cost of an item of property, plant and equipment any proceeds from selling items produced while bringing that asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Instead, an entity recognises the proceeds from selling such items, and the cost of producing those items, in profit or loss.

IAS 37 Provisions, Contingent Liabilities and Contingent Assets

Onerous Contracts-Cost of Fulfilling a Contract: The amendments specify which costs should be included in an entity's assessment whether a contract will be loss-making.

IAS 41 Agriculture

Annual Improvements to IFRS Standards 2018-2020: The amendment removes the requirement for entities to exclude taxation cash flows when measuring the fair value of a biological asset using a present value technique.

Notes to the Financial Statements

for the year ended June 30, 2022

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

2.1 Basis of preparation (cont'd)

Standards, Amendments to published Standards and Interpretations issued but not yet effective (cont'd)

Effective date January 1, 2023

IFRS 17 Insurance contracts

IFRS 17 creates one accounting model for all insurance contracts in all jurisdictions that apply IFRS. IFRS 17 requires an entity to measure insurance contracts using updated estimates and assumptions that reflect the timing of cash flows and take into account any uncertainty relating to insurance contracts. The financial statements of an entity will reflect the time value of money in estimated payments required to settle incurred claims. Insurance contracts are required to be measured based only on the obligations created by the contracts. An entity will be required to recognise profits as an insurance service is delivered, rather than on receipt of premiums. This standard replaces IFRS 4-Insurance Contracts.

IAS 1 Presentation of Financial Statements

Classification of Liabilities as Current or Non-current: Narrow-scope amendments to IAS 1 to clarify how to classify debt and other liabilities as current or non-current.

Disclosure of Accounting Policies: The amendments require companies to disclose their material accounting policy information rather than their significant accounting policies, with additional guidance added to the Standard to explain how an entity can identify material accounting policy information with examples of when accounting policy information is likely to be material.

IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors

Definition of Accounting Estimates: The amendments clarify how companies should distinguish changes in accounting policies from changes in accounting estimates, by replacing the definition of a change in accounting estimates with a new definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". The requirements for recognising the effect of change in accounting prospectively remain unchanged.

IAS 12 Income Taxes

Deferred Tax related to Assets and Liabilities arising from a Single Transaction: The amendment clarifies how a company accounts for income tax, including deferred tax, which represents tax payable or recoverable in the future. In specified circumstances, companies are exempt from recognising deferred tax when they recognise assets or liabilities for the first time. The aim of the amendments is to reduce diversity in the reporting of deferred tax on leases and decommissioning obligations, by clarifying when the exemption from recognising deferred tax would apply to the initial recognition of such items.

Amendment for which effective date has been deferred indefinitely until further notice

IFRS 10 Consolidated Financial Statements:

Sale or Contribution of Assets between an Investor and its Associate or Joint Venture (Amendments to IFRS 10 and IAS 28): Narrow scope amendment address an acknowledged inconsistency between the requirements in IFRS 10 and those in IAS 28 (2011), in dealing with the sale or contribution of assets between an investor and its associate or joint venture.

Notes to the Financial Statements

for the year ended June 30, 2022

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

2.1 Basis of preparation (cont'd)

Amendment for which effective date has been deferred indefinitely until further notice (continued)

IAS 28 Investments in Associates and Joint Ventures:

Sale or Contribution of Assets between an Investor and its Associate or Joint Venture (Amendments to IFRS 10 and IAS 28): Narrow scope amendment to address an acknowledged inconsistency between the requirements in IFRS 10 and those in IAS 28 (2011), in dealing with the sale or contribution of assets between an investor and its associate or joint venture.

Where relevant, the Group is still evaluating the effect of these Standards, Amendments to published Standards and Interpretations issued but not yet effective, on the presentation of its financial statements.

The preparation of financial statements in conformity with IFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements, are disclosed in Note 4.

2.2 Basis of consolidation

The consolidated financial statements comprise the financial statements of RHT Holding Ltd and its subsidiaries as at June 30, 2022.

Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if and only if the Group has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee);
- Exposure, or rights, to variable returns from its involvement with the investee; and
- The ability to use its power over the investee to affect its returns.

When the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement with the other vote holders of the investee;
- Rights arising from other contractual arrangements;
- The Group's voting rights and potential voting rights.

When the Company has less than a majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Company considers all relevant facts and circumstances in assessing whether or not the Company's voting rights in an investee are sufficient to give it power, including:

- The size of the Company's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- Potential voting rights held by the Company, other vote holders or other parties;
- Rights arising from other contractual arrangements; and
- Any additional facts and circumstances that indicate that the Company has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders' meetings.

Notes to the Financial Statements

for the year ended June 30, 2022

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

2.2 Basis of consolidation (cont'd)

Consolidation of a subsidiary begins when the Company obtains control over the subsidiary and ceases when the Company loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit or loss and other comprehensive income from the date the Company gains control until the date when the Company ceases to control the subsidiary.

Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies.

All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

2.3 Property, plant and equipment

Property, plant and equipment are measured at cost at recognition. Garage & buildings are subsequently stated at their revalued amount being the fair value at the date of revaluation, less any subsequent accumulated depreciation and subsequent accumulated impairment losses. Land is subsequently stated at its revalued amount being the fair value at the date of revaluation, less subsequent accumulated impairment losses. All other property, plant and equipment are stated at cost less any accumulated depreciation and any accumulated impairment losses.

Subsequent costs are included in the assets' carrying amount, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. Subsequent costs are measured at cost less any accumulated depreciation and any accumulated impairment losses.

Land and garage & buildings are revalued every three years, unless there is evidence that the fair value of the assets differ materially from the carrying amount. Increases in the carrying amount arising on revaluation are credited to other comprehensive income and shown as revaluation surplus in shareholders' equity. Decreases that offset previous increases of the same asset are charged against revaluation surplus directly in equity; all other decreases are charged to profit or loss.

Depreciation on all other property, plant and equipment is provided on the cost of each asset or the revalued amount on a straight line basis over its estimated useful life to its residual value. The annual depreciation rates applied are as follows:

Garage and buildings	20 years
Buses	15 years
Other vehicles	5-6.25 years
Plant and machinery	8 years
Furniture, fittings and equipment	3-10 years
Computer equipment	3-5 years

No depreciation is provided on freehold land.

Notes to the Financial Statements

for the year ended June 30, 2022

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

2.3 Property, plant and equipment (cont'd)

Depreciation is charged to either cost of sales or other expenses based on the function the asset holds. For those assets which are involved in the core operations of the entity, the depreciation is charged to cost of sales. For those assets which are involved in administrative operations, the depreciation is charged to administrative expenses.

The assets' residual values, useful lives and depreciation method are reviewed, and adjusted prospectively, if appropriate, at the end of each reporting period.

Where the carrying amount of an asset is greater than its estimated recoverable amount, it is written down immediately to its recoverable amount.

The carrying amount of an item of property, plant and equipment is derecognised:

- On disposal; or
- When no future economic benefits are expected from its use or disposal.

Gains and losses on the disposal of property, plant and equipment are determined as the difference between the net proceeds and the carrying amount of the assets. On disposal of revalued assets, amounts in revaluation and other reserves relating to that asset are transferred to retained earnings.

2.4 Investment properties

Investment properties are properties held to earn rentals and/or for capital appreciation. Investment properties are measured initially at cost, including transaction costs.

Cost includes the cost of replacing part of an existing investment property at the time that cost is incurred if the recognition criteria are met and excludes the costs of day-to-day servicing of an investment property. Subsequent to initial recognition, investment properties are measured at fair value. Gains and losses arising from changes in the fair value of investment properties are included in profit or loss in the period in which they arise. Fair values are determined based on an annual evaluation performed by an accredited external independent valuer, applying a valuation model recommended by the International Valuation Standards Committee.

Investment properties are derecognised when either they have been disposed of or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in profit or loss in the period of derecognition.

Transfers are made to or from investment property only when there is a change in use. For a transfer from investment property to owner-occupied property, the deemed cost for subsequent accounting is the fair value at the date of transfer. If owner-occupied property becomes an investment property, the Group accounts for such property in accordance with the policy stated under property, plant and equipment up to the date of change in use.

2.5 Intangible assets

Intangible assets are recorded at cost less accumulated amortisation and accumulated impairment losses. Amortisation is charged on a straight-line basis over their estimated useful life. The estimated useful life and amortisation method are reviewed at the end of each annual reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

Trading rights acquired separately in a business combination are initially recognised separately from goodwill at their fair value at the acquisition date (which is regarded as cost).

Notes to the Financial Statements

for the year ended June 30, 2022

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

2.5 Intangible assets (cont'd)

The annual amortisation rates applied are as follows:

Trading rights and Trademarks	10 years
Computer software and Inbuilt software	5 years

Intangible assets such as goodwill with indefinite useful lives are not amortised, but are tested for impairment at least annually and whenever there is an indicator of impairment either individually or at the cash generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on prospective basis:

No intangible asset arising from research, or from the research phase of an internal project, is recognised. Expenditure on research, or on the research phase of an internal project, is recognised as an expense when it is incurred.

An intangible asset arising from development, or from the development phase of an internal project, is recognised if, and only if, all of the following criteria are met:

- It is technically feasible to complete the intangible asset so that it will be available for use or sale;
- There is a firm intention to complete the intangible asset and use or sell it;
- The ability to use or sell the intangible asset is present;
- It can be demonstrated that the intangible asset will generate probable future economic benefits;
- When the availability of adequate technical, financial and other resources to complete the development and to use or sell the intangible asset is present;
- When the ability to measure reliably the expenditure attributable to the intangible asset during its development is present.

In-built software is recorded as an intangible asset at cost less accumulated amortisation and accumulated impairment losses.

Derecognition of intangible assets

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, and are recognised in profit or loss when the asset is derecognised.

Goodwill

Goodwill arising on the acquisition of a subsidiary or an investment in associate represents the excess of the cost of acquisition over the Group's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities of the subsidiary or investment in associate recognised at the date of acquisition. Goodwill is initially recognised as an asset at cost and is subsequently measured at cost less any accumulated impairment losses.

For the purpose of impairment testing, goodwill is allocated to each of the Group's cash-generating units expected to benefit from the synergies of the combination. Cash-generating units to which goodwill has been allocated are tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than the carrying amount of the unit, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro-rata on the basis of the carrying amount of each asset in the unit. An impairment loss recognised for goodwill is not reversed in a subsequent period.

Notes to the Financial Statements

for the year ended June 30, 2022

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

2.5 Intangible assets (cont'd)

On disposal of a subsidiary, the attributable amount of goodwill is included in the determination of the profit or loss on disposal.

The Group's policy for goodwill arising on the acquisition of an associate is described under investments in associates.

2.6 Investments in subsidiaries

Separate financial statements

In the separate financial statements of the investor, investments in subsidiary companies are carried at cost. The carrying amount is reduced to recognise any impairment in the value of individual investments.

Consolidated financial statements

Subsidiaries are all entities (including structured entities) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are de-consolidated from the date that control ceases.

The acquisition method of accounting is used to account for business combinations by the Group. The consideration transferred for the acquisition of a subsidiary is the fair values of the assets transferred, the liabilities incurred and the equity interests issued by the Group. The consideration transferred includes the fair value of any asset or liability resulting from a contingent consideration arrangement. Acquisition-related costs are expensed as incurred. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. On an acquisition-by-acquisition basis, the Group recognises any non-controlling interest in the acquiree either at fair value or at the non-controlling interest's proportionate share of the acquiree's net assets.

The excess of the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree (if any) over the fair value of the identifiable net assets acquired is recorded as goodwill. If this is less than the fair value of the net assets of the subsidiary acquired in the case of a bargain purchase, the difference is recognised directly in profit or loss as a bargain purchase gain.

Inter-company transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

Disposal of subsidiaries

When the Group ceases to have control, any retained interest in the entity is remeasured to its fair value, with the change in carrying amount recognised in profit or loss. The fair value is the initial carrying amount for the purposes of subsequently accounting for the retained interest as an associate, joint venture or financial asset. In addition, any amounts previously recognised other comprehensive income in respect of that entity are accounted for as if the Group had directly disposed of the related assets or liabilities. This may mean that amounts previously recognised in other comprehensive income are reclassified to profit or loss.

Notes to the Financial Statements

for the year ended June 30, 2022

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

2.7 Investments in associates

Separate financial statements

An associate is an entity over which the Group has significant influence and that is neither a subsidiary nor an interest in a joint venture. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not in control or joint control over those policies.

Investments in associates are recognised at cost less impairment losses.

Basis of consolidation

Investments in associates are accounted for using the equity method.

- (i) The results and assets and liabilities of associates are incorporated in these financial statements using the equity method of accounting, except when the investment is classified as held for sale, in which case it is accounted for under IFRS 5 Non-Current Assets Held for Sale and Discontinued Operations. Under the equity method, investments in associates are carried in the consolidated statement of financial position at cost as adjusted for post-acquisition changes in the Group's share of the net assets of the associate, less any impairment in the value of individual investments. After the entity's interest is reduced to zero, additional losses are provided for, and a liability is recognised, only to the extent that the entity has incurred legal or constructive obligations or made payments on behalf of the associate or joint venture. If the associate or joint venture subsequently reports profits, the entity resumes recognising its share of those profits only after its share of the profits equals the share of losses not recognised.
- (ii) Any excess of the cost of acquisition over the Group's share of the net fair value of the identifiable assets, liabilities and contingent liabilities of the associate recognised at the date of acquisition is recognised as goodwill. The goodwill is included within the carrying amount of the investment and is assessed for impairment as part of the investment. Any excess of the Group's share of the net fair value of the identifiable assets, liabilities and contingent liabilities over the cost of acquisition, after reassessment, is recognised immediately in the statement of profit or loss and other comprehensive income.
- (iii) Where a Group entity transacts with an associate of the Group, profits or losses are eliminated to the extent of the Group's interest in the relevant associate.

2.8 Financial assets

The Group and the Company classify their financial assets into one of the categories discussed below, depending on the business model for managing the financial assets and the contractual cash flow characteristics of the financial asset. The Group's accounting policy for each category is as follows:

Fair value through profit or loss

The Group classifies the following financial assets at fair value through profit or loss (FVPL):

- Debt investments that do not qualify for measurement at either amortised cost or FVOCI;
- Equity investments that are held for trading.
- Equity investments for which the entity has not elected to recognise fair value gains and loss through OCI.

Initial recognition

At initial recognition, the Group and the Company measures a financial asset or financial liability at its fair value plus or minus, in the case of a financial asset or financial liability not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition or issue of the financial asset or financial liability. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Notes to the Financial Statements

for the year ended June 30, 2022

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

2.8 Financial assets (cont'd)

Amortised cost

These assets arise principally from the provision of goods and services to customers (eg trade receivables), but also incorporate other types of financial assets (corporate bonds) where the objective is to hold these assets in order to collect contractual cash flows and the contractual cash flows are solely payments of principal and interest. They are initially recognised at fair value plus transaction costs that are directly attributable to their acquisition or issue, and are subsequently carried at amortised cost using the effective interest rate method, less expected credit losses.

Expected credit losses for trade receivables are recognised based on the simplified approach within IFRS 9 using the lifetime forward-looking expected credit losses. During this process the probability of the non-payment of the trade receivables is assessed using a provision matrix. This probability is then multiplied by the amount of the expected loss arising from default to determine the lifetime expected credit loss for the trade receivables. For trade receivables, which are reported net, such provisions are recorded in a separate provision account with the loss being recognised within administrative expenses in the statement of comprehensive income. On confirmation that the trade receivable will not be collectable, the gross carrying value of the asset is written off against the associated provision.

Expected credit losses for receivables from related parties and loans to related parties are recognised based on a forward looking expected credit loss model using the general approach. The methodology used to determine the amount of the expected credit losses is based on whether there has been a significant increase in credit risk since initial recognition of the financial asset. For those where the credit risk has not increased significantly since initial recognition of the financial asset, twelve month expected credit losses along with gross interest income are recognised. For those for which credit risk has increased significantly, lifetime expected credit losses along with the gross interest income are recognised. For those that are determined to be credit impaired, lifetime expected credit losses along with interest income on a net basis are recognised.

From time to time, the Group and the Company elect to renegotiate the terms of trade receivables due from customers with which it has previously had a good trading history. Such renegotiations will lead to changes in the timing of payments rather than changes to the amounts owed and, in consequence, the new expected cash flows are discounted at the original effective interest rate and any resulting difference to the carrying value is recognised in the statement of comprehensive income (operating profit).

The Group's financial assets measured at amortised cost comprise trade and other receivables, financial assets at amortised cost and cash and cash equivalents. The Company's financial assets measured at amortised cost comprise of trade and other receivables, cash and cash equivalents, loans to related parties and corporate bonds.

Cash and cash equivalents includes cash in hand, deposits held at call with banks, other short term highly liquid investments with original maturities of three months or less, and - for the purpose of the statement of cash flows - bank overdrafts. Bank overdrafts are shown within loans and borrowings in current liabilities on the statement of financial position.

(iii) Fair value through other comprehensive income

The Group has a number of strategic investments in listed and unlisted entities. For those investments, the Group has made an irrevocable election to classify the investments at fair value through other comprehensive income rather than through profit or loss as the Group considers this measurement to be the most representative of the business model for these assets. They are carried at fair value with changes in fair value recognised in other comprehensive income and accumulated in the fair value through other comprehensive income reserve. Upon disposal any balance within fair value through other comprehensive income reserve is reclassified directly to retained earnings and is not reclassified to profit or loss.

Notes to the Financial Statements

for the year ended June 30, 2022

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

2.8 Financial assets (cont'd)

(iii) Fair value through other comprehensive income (cont'd)

The Group has debt securities whose objective is achieved by both holding these securities in order to collect contractual cash flows and having the intention to sell the debt securities before maturity. The contractual terms of the debt securities give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding. They are carried at fair value with changes in fair value recognised in other comprehensive income and accumulated in the fair value through other comprehensive income reserve. Upon disposal any balance within fair value through other comprehensive income reserve is reclassified to profit or loss.

Dividends are recognised in profit or loss.

Purchases and sales of financial assets measured at fair value through other comprehensive income are recognised on settlement date with any change in fair value between trade date and settlement date being recognised in the fair value through other comprehensive income reserve.

Impairment of financial assets

The Group recognises a loss allowance for expected credit losses on investments in debt instruments that are measured at amortised cost and trade and other receivables. The amount of expected credit losses is updated at each reporting date to reflect changes in credit risk since initial recognition of the respective financial instrument.

The Group recognises lifetime ECL for trade and other receivables. The expected credit losses on these financial assets are estimated using a provision matrix based on the Group's historical loss experience, adjusted for factors specific to the financial assets as well as the forecast direction of conditions at the reporting date, including time value of money where appropriate.

(i) Significant increase in credit risk

In assessing whether the credit risk on a financial instruments has increased significantly since initial recognition, the Group compares the risk of a default occurring on the financial instrument at the reporting date with the risk of a default occurring on the financial instrument at the date of initial recognition. In making this assessment, the Group considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward looking information that is available such as GDP growth rate.

Despite the foregoing, the Group assumes that the credit risk on a financial instrument has not increased significantly since initial recognition if the financial instrument is determined to have low credit risk at the reporting date. A financial instrument is determined to have low credit risk if:

1. The financial instrument has a low risk of default;
2. The debtor has a strong capacity to meet its contractual cash flow obligations in the near term; and
3. Adverse changes in economic and business condition in the longer term may, but will not necessarily, reduce the ability of the borrower to fulfil its contractual cash flow obligations.

The Group considers a financial asset to have low credit risk when the asset has external credit rating of 'investment grade' in accordance with the globally understood definition or if an external rating is not available, the asset has an internal rating of 'performing'. Performing means that the counterparty has a strong financial position and there is no past due amounts.

The Group regularly monitors the effectiveness of the criteria used to identify whether there has been a significant increase in credit risk and revises them as appropriate to ensure that the criteria are capable of identifying significant increase in credit risk before the amount becomes part due.

Notes to the Financial Statements

for the year ended June 30, 2022

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

2.8 Financial assets (cont'd)

(ii) Definition of default

The Group considers the following as a constituting an event of default for internal credit risk management purposes as historical experience indicates that financial assets that meet either of the following criteria are generally not recoverable:

- When there is a breach of financial covenants by the debtor; or
- Information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors in full.

Irrespective of the above analysis, the Group considers that default has occurred when a financial asset is more than 90 days past due unless the Group has reasonable and supportable information to demonstrate that a more lagging default criterion is more appropriate.

(iii) Credit-impaired financial assets

A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of that financial asset have occurred. Evidence that a financial asset is credit-impaired includes observable data about the following events:

- (a) Significant financial difficulty of the issuer or the borrower;
- (b) A breach of contract, such as a default or past due event;
- (c) The lender(s) of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession(s) that the lender(s) would not otherwise consider;
- (d) It is becoming probable that the borrower will enter bankruptcy or other financial reorganisation; or
- (e) The disappearance of an active market for that financial asset because of financial difficulties.

(iii) Write off policy

The Group writes off a financial asset when there is information indicating that the debtor is in severe financial difficulty and there is no realistic prospect of recovery, e.g. when the debtor has been placed under liquidation or has entered into bankruptcy proceedings. Financial assets written off may still be subject to enforcement activities under the Group's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in profit or loss.

(iv) Measurement and recognition of expected credit losses

For financial assets, the expected credit loss is estimated as the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive, discounted at the original effective interest rate.

The Group recognises an impairment gain or loss in profit or loss for all financial instruments with a corresponding adjustment to their carrying amount through a loss allowance account.

Derecognition of financial assets

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial assets and substantially all the risks and rewards of ownership of the asset to another entity.

On derecognition of a financial assets measured at amortised cost, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in profit or loss.

Notes to the Financial Statements

for the year ended June 30, 2022

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

2.9 Financial liabilities

Bank borrowings are initially recognised at fair value net of any transaction costs directly attributable to the issue of the instrument. Such interest bearing liabilities are subsequently measured at amortised cost using the effective interest rate method, which ensures that any interest expense over the period to repayment is at a constant rate on the balance of the liability carried in the statement of financial position. For the purposes of each financial liability, interest expense includes initial transaction costs and any premium payable on redemption, as well as any interest or coupon payable while the liability is outstanding.

Trade payables and other short-term monetary liabilities are initially recognised at fair value and subsequently carried at amortised cost using the effective interest method.

Derecognition of financial liabilities

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payables is recognised in profit or loss.

2.10 Share capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new shares are shown in equity as deduction, net of tax, from proceeds.

2.11 Current and deferred income tax

Current tax

Income tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit as reported in the statement of profit or loss and other comprehensive income because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the reporting date.

Corporate Social Responsibility (CSR)

In line with the definition within the Income Tax Act 1995, Corporate Social Responsibility (CSR) is regarded as a tax and is therefore subsumed with the income tax recognised in the profit or loss and the income tax liability on the statement of financial position.

The Company accounts for CSR as per Mauritian taxation laws and it is calculated at 2% of previous year chargeable income. 75% of the amount is payable to Mauritius Revenue Authority and 25% is paid to NGOs.

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit, and are accounted for using the liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Notes to the Financial Statements

for the year ended June 30, 2022

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

2.11 Current and deferred income tax (cont'd)

Deferred tax (cont'd)

Deferred tax liabilities are recognised for taxable temporary differences arising on investments in subsidiaries and associates, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset realised. Deferred tax is charged or credited to profit or loss, except when it relates to items charged or credited directly to equity, in which case the deferred tax is also recognised with in equity.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Group intends to settle its current tax assets and liabilities on a net basis.

For the purposes of measuring deferred tax for investment properties that are measured using the fair value model, the carrying amounts of such properties are presumed to be recovered through sale, unless the presumption is rebutted. The presumption is rebutted when the investment property is depreciable and is held within a business model whose objective is to consume substantially all the economic benefits embodied in the investment property over time, rather than through sale. The Directors of the Group reviewed the Group's investment property portfolios and concluded that none of the Group's investment properties are held under a business model whose objective is to consume substantially all the economic benefits embodied in the investment properties over time, rather than through sale. Therefore, the Directors have determined that the 'sale' presumption set out in the amendments to IAS 12 is not rebutted. However, the Group has not recognised any deferred taxes on changes in the fair value of the investment properties as the Group is not subject to any income taxes on the fair value changes of the investment properties on disposal.

2.12 Foreign currencies

(i) *Functional and presentation currency*

Items included in the financial statements are measured using Mauritian rupees, the currency of the primary economic environment in which the entity operates ("functional currency"). The financial statements are presented in Mauritian rupees, which is the Group's functional and presentation currency.

(ii) *Transactions and balances*

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing on the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss.

Foreign exchange gains and losses that relate to borrowings and cash and cash equivalents are presented in statement of profit or loss within 'finance income or cost'. All other foreign exchange gains and losses are presented in statement of profit or loss within 'other (losses)/gains - net'.

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date the fair value was determined.

Notes to the Financial Statements

for the year ended June 30, 2022

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

2.13 Inventories

Inventories are stated at the lower of cost and net realisable value. Cost is determined by the weighted average method. The cost of inventories comprise all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition. The costs of purchase of inventories comprise the purchase price, import duties and other taxes (other than those subsequently recoverable by the entity from the taxing authorities), and transport, handling and other costs directly attributable to the acquisition of an item of inventory. Trade discounts, rebates and other similar items are deducted in determining the costs of purchase. Net realisable value is the estimate of the selling price in the ordinary course of business, less the costs of completion and applicable selling expenses.

When inventories are sold or used, the carrying amount of those inventories shall be recognised as an expense in the period in which the related revenue is recognised or in the period in which the inventory is used. The amount of any write-down of inventories to net realizable value and all losses of inventories is recognised as an expense in the period the write-down or loss occurs. The amount of any reversal of previous write-down of inventories, to the extent of the original write down, is recognised as a reduction in the amount of inventories recognised as an expense in the period in which the reversal occurs.

2.14 Leases

All leases are accounted for by recognising a right-of-use asset and a lease liability except for:

- Leases of low value assets; and
- Leases with a duration of 12 months or less.

Lease liabilities are measured at the present value of the contractual payments due to the lessor over the lease term, with the discount rate determined by reference to the rate inherent in the lease unless (as is typically the case) this is not readily determinable, in which case the Group's incremental borrowing rate on commencement of the lease is used. Variable lease payments are only included in the measurement of the lease liability if they depend on an index or rate. In such cases, the initial measurement of the lease liability assumes the variable element will remain unchanged throughout the lease term. Other variable lease payments are expensed in the period to which they relate.

On initial recognition, the carrying value of the lease liability also includes:

- Amounts expected to be payable under any residual value guarantee;
- The exercise price of any purchase option granted in favour of the Group if it is reasonable certain to assess that option;
- Any penalties payable for terminating the lease, if the term of the lease has been estimated on the basis of termination option being exercised.

Right of use assets are initially measured at the amount of the lease liability, reduced for any lease incentives received, and increased for:

- Lease payments made at or before commencement of the lease;
- Initial direct costs incurred; and
- The amount of any provision recognised where the Group is contractually required to dismantle, remove or restore the leased asset (typically leasehold dilapidations).

Subsequent to initial measurement lease liabilities increase as a result of interest charged at a constant rate on the balance outstanding and are reduced for lease payments made. Right-of-use assets are amortised on a straight-line basis over the remaining term of the lease or over the remaining economic life of the asset if, rarely, this is judged to be shorter than the lease term.

Notes to the Financial Statements

for the year ended June 30, 2022

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

2.14 Leases (cont'd)

When the Group revises its estimate of the term of any lease (because, for example, it re-assesses the probability of a lessee extension or termination option being exercised), it adjusts the carrying amount of the lease liability to reflect the payments to make over the revised term, which are discounted using a revised rate. The carrying value of lease liabilities is similarly revised when the variable element of future lease payments dependent on a rate or index is revised. In both cases an equivalent adjustment is made to the carrying value of the right-of-use asset, with the revised carrying amount being amortised over the remaining (revised) lease term.

When the Group renegotiates the contractual terms of a lease with the lessor, the accounting depends on the nature of the modification:

- If the renegotiation results in one or more additional assets being leased for an amount commensurate with the standalone price for the additional rights-of-use obtained, the modification is accounted for as a separate lease in accordance with the above policy.
- In all other cases where the renegotiated increases the scope of the lease (whether that is an extension to the lease term, or one or more additional assets being leased), the lease liability is remeasured using the discount rate applicable on the modification date, with the right-of-use asset being adjusted by the same amount.
- If the renegotiation results in a decrease in the scope of the lease, both the carrying amount of the lease liability and right-of-use asset are reduced by the same proportion to reflect the partial of full termination of the lease with any difference recognised in profit or loss. The lease liability is then further adjusted to ensure its carrying amount reflects the amount of the renegotiated payments over the renegotiated term, with the modified lease payments discounted at the rate applicable on the modification date. The right-of-use asset is adjusted by the same amount.

For contracts that both convey a right to the Group to use an identified asset and require services to be provided to the Group by the lessor, the Group has elected to account for the entire contract as a lease, i.e. it does not allocate any amount of the contractual payments to, and account separately for, any services provided by the supplier as part of the contract.

Payments associated with short-term leases and all leases of low-value assets are recognised on a straight-line basis as an expense in profit or loss.

For contracts where the Group acts as an intermediate lessor, the Group accounts for a headlease and a sublease arrangement. The Group derecognises the asset linked to the headlease and recognises a finance lease receivable (note 7) linked to the sublease; the finance lease receivable is calculated as the net present value of future cash flows on the sublease. The difference between the asset derecognised and the finance lease receivable recognised is included as a profit or loss in the statement of profit or loss. The Group also recognises a finance income from the sublease.

2.15 RETIREMENT BENEFIT OBLIGATIONS

Payments to defined contribution retirement benefit plans are recognised as an expense when employees have rendered service entitling them to the contributions.

(i) Workers Rights Act 2019

Employees are entitled to a gratuity which is computed based on the number of years of service. This provision is not funded and is accounted for as a Defined Benefit Obligation. The benefit accruing under this item is calculated by a qualified actuary who carries out a full valuation of the plan. The present value of retirement benefits as provided under the Workers Rights Act 2019 is recognised in the statements of financial position as a non-current liability. Actuarial gains and losses on the present value of the Group's pension obligations and fair value of plan assets are recognised in Other Comprehensive Income.

Notes to the Financial Statements

for the year ended June 30, 2022

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

2.15 Retirement benefit obligations (cont'd)

(ii) *State plan and defined contribution plan*

Contributions to the National Pension Scheme and defined contribution plan are charged to profit or loss in the year in which they fall due.

2.16 Revenue recognition

Revenue for the Company consists of dividend income and management fees. Dividend income from investments is recognised when the shareholder's right to receive payment is established. Management fees are recognised by reference to the terms of the agreement.

Revenue for the Group comprises of income from bus fare and hire charges and the invoiced values of goods and services net of value added tax, discounts, allowances and returns, service fees and after eliminating sales within Group companies.

Revenue from contracts with customers

Performance obligations and timing of revenue recognition

The majority of the revenue is derived from selling goods with revenue recognised at a point in time when control of the goods has transferred to the customer. This is generally when the goods are delivered to the customer. However, for export sales, control might also be transferred when delivered either to the port of departure or port of arrival, depending on the specific terms of the contract with a customer. There is limited judgement needed in identifying the point control passes: once physical delivery of the products to the agreed location has occurred, the Company no longer has physical possession, usually will have a present right to payment (as a single payment on delivery) and retains none of the significant risks and rewards of the goods in question. Management fees are recognised when the performance obligations are being met, that is when the services are being rendered.

Determining the transaction price

Most of the revenue is derived from fixed price contracts and therefore the amount of revenue to be earned from each contract is determined by reference to those fixed prices.

Allocating amounts to performance obligations

For all contracts, there is a fixed unit price for each product sold, with reductions given for bulk orders placed at a specific time. Therefore, there is no judgement involved in allocating the contract price to each unit ordered in such contracts (it is the total contract price divided by the number of units ordered). Where a customer orders more than one product line, the Company is able to determine the split of the total contract price between each product line by reference to each product's standalone selling prices (all product lines are capable of being, and are, sold separately).

Maintenance and Service fees income as well as management fees are recognised by reference to the terms of the agreement. These are recognised over time.

Revenue from bus fare and hire charges are recognised upon customer acceptance at one point in time.

(b) Other income earned by the Group are recognised on the following bases:

- Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).
- Dividend income - when the shareholder's right to receive payment is established.
- Lease income arising from operating leases-on a straight-line basis over the lease term.

Notes to the Financial Statements

for the year ended June 30, 2022

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

2.17 Provisions

Provisions are recognised when the Group has a present obligation as a result of past events, and it is probable that the Group will be required to settle that obligation. Provisions are measured at the Directors' best estimate of the expenditure required to settle the obligation at the reporting date, and are discounted to present value where the effect is material.

2.18 Impairment of non-financial assets

At each reporting date, the Group reviews the carrying amount of purchased goodwill for impairment, the Group also reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Recoverable amount is the higher of fair value less cost to sell and value in use. An impairment loss is recognised for the amount by which the carrying amount of the asset exceeds its recoverable amount. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows. The Group bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Group's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. A long-term growth rate is calculated and applied to project future cash flows after the fifth year.

2.19 Government grants

Government grants are not recognised until there is reasonable assurance that the Company will comply with the conditions attaching to them and that the grants will be received. Government grants whose primary condition is that the Group should purchase or otherwise acquire non-current assets are recognised as deferred income that is recognised in profit or loss on a systematic basis over the useful life of the asset.

Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Group with no future related costs are recognised in profit or loss in the period in which they become receivable.

Financial support from government is recognised on accrual basis.

2.20 Non-current assets held for sale

Non-current assets classified as held for sale are measured at the lower of carrying amount and fair value less costs to sell if their carrying amount is recovered principally through a sale transaction rather than through a continuing use. This condition is regarded as met only, when the sale is highly probable and the asset is available for immediate sale in its present condition.

Events or circumstances may extend the period to complete the sale beyond one year but if the delay is caused by events or circumstances beyond the entity's control and there is sufficient evidence that the entity remains committed to its plan to sell the asset, such extension does not preclude the asset from being classified as held for sale.

Impairment losses on initial classification as held for sale and subsequent gains or losses on measurement are recognised in profit or loss.

Notes to the Financial Statements

for the year ended June 30, 2022

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

2.21 Dividend Distribution

Dividend distribution to the Company's shareholders is recognised as a liability in the group's financial statement in the period in which the dividend is declared.

2.22 Valued Added Tax

Revenue, expenses and assets are recognised net of value added tax except:

- Where the value added tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case the value added tax is recognised as part of the cost of acquisition of the asset or as part of the expense item as applicable; and
- Receivables and payables are stated with the amount of value added tax included.

2.23 Contingent liabilities

The Group is party to cross guarantees securing certain bank loans. At 30 June 2022 and 30 June 2021, there was no liability that could arise for the Group from the cross guarantees. Where the Group enters into financial guarantee contracts and guarantees the indebtedness of other companies within the Group, the Group considers these to be insurance arrangements, and accounts for them as such. In this respect, the Group treats the guarantee contract as a contingent liability until such time that it becomes probable that the Group will be required to make a payment under the guarantee.

Notes to the Financial Statements

for the year ended June 30, 2022

3. FINANCIAL RISK MANAGEMENT

3.1 Financial Risk Factors

The treasury function provides services to the business, co-ordinates access to financial markets, monitors and manages the financial risks relating to the operations of the Group. These risks include market risk (consisting of currency risk, interest risk and price risk), credit risk and liquidity risk.

The Group does not enter into or trade financial instruments, including derivative financial instruments, for speculative purposes.

(a) Market risk

The Group's activities expose it primarily to the financial risks of changes in foreign currency exchange rates and interest rates. The Group manages its exposure to interest rate risk by use of a proper mix in fixed and floating rate borrowings. The Group makes placements in foreign currency. These placements are strategic and bear returns.

(i) Currency risk

The Group undertakes certain transactions denominated in foreign currencies for its projects in foreign countries. Hence, exposures to exchange rate fluctuations arise primarily with respect to the USD and EURO. The risk affects trade and other receivables.

The Group also has strategic placements in USD for capital appreciation or interest income, the risk affects financial assets at fair value through other comprehensive income and financial assets at amortised cost.

The Group also has investments in an entity in Zambia, whose net assets are exposed to currency translation risk.

The Group manages the currency risk by monitoring the amount of placements and exposure levels on a monthly basis. Placements in foreign currency are decided by the Directors and made only made when the risk is minimal.

Retranslation risks are not hedged.

3. FINANCIAL RISK MANAGEMENT (CONT'D)

3.1 Financial Risk Factors (cont'd)

(a) Market risk (cont'd)

The following significant exchange rates have been applied.

	AVERAGE RATE		YEAR-END SPOT RATE	
	2022	2021	2022	2021
	Rs.	Rs.	Rs.	Rs.
USD	44.60	39.50	43.54	42.05
EUR	46.93	46.88	43.54	49.80
ZMK	2.44	1.88	2.54	1.86
CHF	47.14	-	46.98	-

Sensitivity analysis

At June 30, 2022, if the rupee had weakened/strengthened against the US dollar/Euro/Kwacha, with all other variables held constant, post tax profit for the year and equity would have been impacted as follows mainly as a result of measurement of financial instruments denominated in a foreign currency.

THE GROUP	2022	2021
	Rs000's	Rs000's
	+/-11%	+/-9%
USD	12,230,738	9,109,690
	+/-9%	+/-11%
EUR	783,951	569,772
	+/-12%	n/a
CHF	562,054	-
	+/-18%	+/-20%
ZMK	194,493	(26,447)
THE COMPANY	2022	2021
	Rs000's	Rs000's
	+/-11%	+/-9%
USD	-	-

The sensitivity has been calculated using historical averages of changes in EUR, USD, CHF and ZMK based on historical observations.

(b) Interest rate risk management

The Group and the Company are exposed to interest rate risk as they borrow funds at both fixed and floating interest rates. The risk is managed by the Group and the Company by maintaining an appropriate mix between fixed and floating rate borrowings. The Company is exposed to interest rate risk on its loans from related parties at fixed interest rates.

Notes to the Financial Statements

for the year ended June 30, 2022

3. FINANCIAL RISK MANAGEMENT (CONT'D)

3.1 Financial Risk Factors (cont'd)

(b) Interest rate risk management (cont'd)

The interest rate profile of the Group's financial assets and financial liabilities at June 30, 2022 and June 30, 2021 were:

	Currency	Floating interest rate			
		2022 %	2021 %		
Financial assets					
Balances with banks	Rs.	2.95 - 4.75	2.95 - 4.75		
Loan and receivables	Rs.	4.75 - 5.50	4.75 - 5.50		
Financial liabilities					
		Floating interest rate		Fixed interest rate	
		2022 %	2021 %	2022 %	2021 %
Bank overdrafts		4.1 - 5.66	4.1 - 5.66	-	-
Lease liabilities		-	-	6.25 - 7.5	6.25 - 7.5
Bank loans		4.1 - 5.1	4.1 - 5.1	-	-
Loans from related parties		-	-	5.5	5.5
Trade and other payables		-	-	4.75 - 5.50	4.75 - 5.50

Interest rate sensitivity analysis

The interest rate sensitivity analysis below has been determined based on the exposure to interest rates for non-derivative financial instruments at the reporting date. For floating rate liabilities, the analysis is prepared assuming the amount of liability outstanding at the reporting date was outstanding for the whole year. A 50 basis point increase or decrease represents management's assessment of the reasonably possible change in interest rate.

If interest rates had been 50 basis points higher/lower and all other variables were held constant, the profit for the year ended June 30, 2022 and 2021 would have decreased/increased by:

	THE GROUP		THE COMPANY	
	2022 Rs.	2021 Rs.	2022 Rs.	2021 Rs.
Profit or loss	622,879	863,180	133,868	162,610

(c) Price risks

The Group is exposed to price risks arising from investments in listed entities quoted on the Stock Exchange of Mauritius as well as investments in unlisted entities. This risk impacts investments classified either as financial assets at fair value through other comprehensive income (FVOCI) or at fair value through profit or loss (FVTPL). To manage their price risk arising from investments in equity securities, the Group diversifies its portfolio.

The sensitivity analysis below have been determined based on the exposure to equity price risks at the reporting date.

Notes to the Financial Statements

for the year ended June 30, 2022

3. FINANCIAL RISK MANAGEMENT (CONT'D)

3.1 Financial Risk Factors (cont'd)

(c) Price risks (cont'd)

Sensitivity analysis

The table below summarises the impact of increases/decreases in the fair value of the investments on the Group's post-tax profit for the year and on equity. The analysis is based on the assumption that the fair value had increased/decreased by 9% in 2022 and 7% in 2021.

	Impact on post-tax profit		Impact on equity	
	2022 Rs.	2021 Rs.	2022 Rs.	2021 Rs.
FVOCI	-	-	33,227,094	26,189,411
Fair value through profit or loss (FVTPL)	18,094,061	12,901,002	-	-

(d) Credit risk management

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Group. The Group and the Company have adopted a policy of only dealing with creditworthy counterparties as a means of mitigating the risk of financial loss from defaults. The Group and the Company uses other publicly available financial information and its own trading records to rate its customers. The Group's and the Company's exposure and the credit ratings of its counterparties are continuously monitored and the aggregate value of transactions concluded is spread amongst approved counterparties. Credit exposure is controlled by counterparty limits that are reviewed and approved by the risk management committee annually.

The Group and the Company's credit risk arise mainly as a result of trade receivables, cash at bank and corporate bonds under financial assets at amortised cost. The amounts presented in the statement of financial position are net of expected credit losses and represents the Group's and the Company's maximum exposure to credit risk. Ongoing credit evaluation is performed on the financial condition of accounts receivable.

The Group and the Company have no concentration of credit risk in its trade receivables in 2022 and 2021. Financial assets that are neither past due nor impaired are of a high credit quality.

(e) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the Board of Directors. The Group manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities.

Notes to the Financial Statements

(f) Financial guarantee contract risk

The Group has provided financial guarantees to its subsidiaries. The Group is exposed to the risk that in the event of default from its subsidiaries and associates, there is the need to recognise the liability which represents the amount required to settle the obligation.

Notes to the Financial Statements

for the year ended June 30, 2022

3. FINANCIAL RISK MANAGEMENT (CONT'D)

3.1 Financial Risk Factors (cont'd)

(f) Financial guarantee contract risk (cont'd)

RHT Holding Ltd and RHT Investment Ltd has guaranteed the amount by which the total assets fall short of the total liabilities of the respective related parties, as follows:

	2022	2021
	Rs.	Rs.
RHT Ventures Ltd	-	-
Flo Mobility Services Ltd	6,677,572	6,487,405
Advanced Institute of Motoring	3,700,520	3,207,779
ICL Zambia Ltd	2,049,381	1,813,464
Huginn Property Development Ltd	-	-
Transport Micropayment System Ltd	-	497,756
	12,427,473	12,006,404

3.2 Fair value estimation

The fair value of financial instruments traded in active markets is based on quoted market prices at the end of the reporting period. A market is regarded as active if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis. The quoted market price used for financial assets held by the Group is the current bid price. These instruments are included in level 1. Instruments included in level 1 comprise quoted equity investments classified as FVTPL or FVOCI.

The fair value of financial instruments that are not traded in an active market is determined by using valuation techniques. These valuation techniques maximise the use of observable market data where it is available and rely as little as possible on specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 3. Level 3 instruments include land and garage buildings in property, plant and equipment and investment property at revalued amount.

If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. Investments in unquoted entities are included in level 3. Level 3 instruments include unquoted equity investments under financial assets at FVOCI.

Specific valuation techniques used to value financial instruments include:

- Quoted market prices or dealer quotes for similar instruments.
- Other techniques, such as discounted cash flow analysis and dividend approach, are used to determine fair value for the remaining financial instruments.

3.3 Capital risk management

The Group and the Company manage its capital to ensure that entities in the Group will be able to continue as a going concern while maximising the return to stakeholders through the optimisation of the debt and equity balance.

The Company and the Group set the amount of capital in proportion to risk. The Company and the Group manage the capital structure and make adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares, or sell assets to reduce debt. Consistent with others in the industry, the Company and the Group monitor capital on the basis of the net debt-to-adjusted capital ratio. Adjusted capital comprises all components of equity (i.e. stated capital, other reserves, and retained earnings).

Notes to the Financial Statements

for the year ended June 30, 2022

3. FINANCIAL RISK MANAGEMENT (CONT'D)

3.3 Capital risk management (cont'd)

During 2022, the Company's and the Group's strategy, which was unchanged from 2022, was to reduce the net debt-to-adjusted capital ratio to a reasonable level in order to secure access to finance at a reasonable cost.

The capital structure of the Group consists of net debt, which includes borrowings, offset by cash at bank and equity attributable to equity holders of the parent, comprising issued capital, reserves and retained earnings.

Gearing ratio

The gearing ratio at the year end was as follows:

	THE GROUP		THE COMPANY	
	2022 Rs.	2021 Rs.	2022 Rs.	2021 Rs.
Debt (i)	385,205,697	328,623,140	35,315,331	29,937,102
Cash at bank	(30,727,591)	(40,432,109)	(4,935,184)	(3,074,858)
Net debt	354,478,106	288,191,031	30,380,147	26,862,244
Equity (ii)	690,253,243	665,188,175	397,153,902	387,283,054
Net debt to equity ratio	0.51	0.43	0.08	0.07

- (i) Debt is defined as long and short term borrowings.
(ii) Equity includes all capital and reserves of the Group.
(iii) Management believes the gearing ratio is within an acceptable range.

There were no changes in the Group's approach to capital risk management during the year.

Notes to the Financial Statements

for the year ended June 30, 2022

4. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

The preparation of financial statements in accordance with IFRS requires the Directors and management to exercise judgement in the process of applying the accounting policies. It also requires the use of accounting estimates and assumptions that may affect the reported amounts and disclosures in the financial statements. Judgements and estimates are continuously evaluated and are based on historical experience and other factors, including expectations and assumptions concerning future events that are believed to be reasonable under the circumstances. The actual results could, by definition therefore, often differ from the related accounting estimates.

In the application of the Group's accounting policies, which are described in note 2, the Directors of the Company are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Critical judgements in applying accounting policies

The following are the critical judgements, apart from those involving estimations, that the Directors have made in the process of applying the Group's accounting policies and that have the most significant effect on the amounts recognised in the consolidated financial statements.

Key sources of estimation uncertainty

The key sources assumptions concerning the future, and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are discussed below.

(a) Impairment of financial assets

The loss allowances for financial assets are based on assumptions about risk of default and expected loss rates. The Group uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Group's past history, existing market conditions as well as forward looking estimates at the end of each reporting period (note 15).

(b) Impairment of goodwill

Determining whether goodwill is impaired requires an estimation of the value in use of the cash-generating units to which goodwill has been allocated. The value in use calculation requires the entity to estimate the future cash flows expected to arise from the cash-generating units and a suitable discount rate in order to calculate present value, as described in note 7 of the financial statements.

(c) Investment properties

Investment property has been valued based on Directors' estimate with reference to their knowledge on the current market evidence of transaction prices for similar properties and with the valuer's report. The actual results could differ from their estimates as management uses an average of the most recent transaction prices, or, depending on the location, the exact transaction price of a similar property which has recently traded on the market in the vicinity of the subject property being valued. Note 6 provides further details on the revaluation method.

Notes to the Financial Statements

for the year ended June 30, 2022

4. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS (CONT'D)

Critical judgements in applying accounting policies (cont'd)

(d) Retirement benefit obligations

Retirement benefit obligations has been valued by actuaries based on accounting estimates in respect of *inter-alia*, discount rate, future salary increases, and average retirement age. Due to the long term nature of the plan, such estimates are subject to significant uncertainty. All assumptions are reviewed at each reporting date. Management consider that the actuary has used its best estimates to value the retirement benefit obligation provisions and note 18 provides further information on same.

(e) Measurement of the expected credit loss (ECL) allowance

The measurement of the expected credit loss allowance for financial assets measured at amortised cost is an area that requires significant assumptions about future economic conditions and credit behaviour (e.g. the likelihood of customers defaulting and the resulting losses).

A number of significant judgements are also required in applying the accounting requirements for measuring ECL, such as:

- Determining criteria for significant increase in credit risk;
- Choosing appropriate models and assumptions for the measurement of ECL;
- Establishing the number and relative weightings of forward-looking scenarios for each type of debtor segment and the associated ECL; and
- Establishing groups of similar financial assets for the purposes of measuring ECL.

When using the simplified approach for measurement of expected credit loss for trade receivables, the application of a provision matrix requires significant assumptions and judgements, such as:

- Determining the appropriate groupings of receivables into categories of shared credit risk characteristics;
- Determining the period over which historical loss rates are obtained to develop estimates of expected future loss rates;
- Determining the historical loss rates;
- Considering macro-economic factors such as GDP growth rate and adjust historical loss rates to reflect relevant future economic conditions; and
- Calculating the expected credit losses.

(f) Fair value of securities not quoted in an active market

The fair value of securities not quoted in an active market may be determined by the Group using valuation techniques including third party transaction values, earnings, net asset value or discounted cash flows, whichever is considered to be appropriate. The Group would exercise judgement and estimates on the quantity and quality of pricing sources used. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

Notes to the Financial Statements

for the year ended June 30, 2022

4. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS (CONT'D)

Critical judgements in applying accounting policies (cont'd)

(g) Impact of Covid-19

The ongoing Covid-19 pandemic has increased the estimation uncertainty in the preparation of these financial statements. The Group and the Company have developed various accounting estimates in these financial statements based on forecasts of economic conditions which reflect expectations and assumptions as at June 30, 2021 about future events that the Directors believe are reasonable in the circumstances. There is a considerable degree of judgement involved in preparing these forecasts. The underlying assumptions are also subject to uncertainties which are often outside the control of the Group and the Company. Accordingly, actual economic conditions may be different from these forecasts since anticipated events may not occur as expected, and the effect of those differences may significantly impact accounting estimates included in these financial statements. The significant accounting estimates particularly impacted by these associated uncertainties are predominantly related to the recoverable amount assessments of non-financial assets, expected credit losses of trade receivables and fair value of investments.

(h) Going concern

Going concern assessment is based on forecasts for the 12 months following the June 30, 2021. In making these forecasts, management uses significant estimates such as growth rates and inflation rates.

THE GROUP

(i) Fair value measurement of the Group's freehold land and buildings

The Group's freehold land included in Property, Plant and Equipment and Investment Properties (note 6) and buildings were revalued in June 2021 by Messrs Broll Valuation and advisory services, independent valuers not related to the Group. The fair value has been determined by the comparative method. The comparative method is based on comparison of prices paid of similar properties within close vicinity of the site and adjusted to reflect the characteristics of the subject property, at the relevant date. Messrs Broll Valuation and Advisory services have appropriate qualifications and recent experience in the valuation of properties in the relevant locations. The basis of valuation in estimating the open market values have been effected in accordance with the principles set out by the International Valuation Standards Committee as per the International Valuation Application 1 (IVA 1) which deals with valuation for financial reporting and which is to be used in the context of International Financial Reporting Standards (IFRS) published by the International Accounting Standards Board (IASB).

The Directors have estimated that there has been no significant change in fair value of land and buildings at June 30, 2022.

Notes to the Financial Statements

for the year ended June 30, 2022

5. PROPERTY, PLANT AND EQUIPMENT (CONT'D)

THE GROUP

Fair value measurement of the Group's freehold land and buildings (cont'd)

The fair value of land and garage & buildings is a level 3 recurring fair value measurement.

Sensitivity analysis

The following tables show the significant unobservable inputs used and the sensitivity of these inputs on the fair value:

	Fair value hierarchy	Valuation techniques	Significant unobservable inputs	Range of unobservable inputs
2022 & 2021				Rs.
Land	Level 3	Sales comparison approach	Price per toise	27K - 39K
Garage and buildings	Level 3		Price per square meter	7,900 - 9,700

An increase in the price per toise and the price per Square meter would result in an increase in fair value.

There were no changes to the valuation techniques during the period. The fair value measurement is based on the above items' highest and best use, which does not differ from their actual use.

If freehold land and garage and buildings were stated at historical cost, the carrying amounts would have been as follows:

	THE GROUP	
	2022	2021
	Rs.	Rs.
Net book value	36,449,243	37,367,203

(ii) The total amount of property, plant and equipment has been pledged to secure banking facilities with the RHT Group (note 17).

(iii) Depreciation charge is allocated as follows in the statements of profit or loss and other comprehensive income:

	THE GROUP		THE COMPANY	
	2022	2021	2022	2021
	Rs.	Rs.	Rs.	Rs.
Operating expenses	10,625,805	10,468,579	-	-
Administrative expenses	2,377,552	2,519,215	327,041	5,048,393

Transfer From Property, Plant and Equipment (note 5)	-	11,900,000
At June 30,	48,576,613	48,200,000

(a) Details of fair value measurement including sensitivity analysis are disclosed in note 5(i)

The Group's policy is to revalue its property every year. The Directors have re-assessed the fair value of the investment properties as at June 30, 2022. They took into consideration current market conditions, made comparisons of the carrying amount to recent observable transactions and held discussions with their independent valuer to confirm their views of no major change in the values.

Freehold land

There was no rental income nor direct operating expenses linked to the investment properties; freehold land recognised as investment property relate to plots of land held for capital appreciation.

The transfers from Property, plant and equipment are due to a change in use.

Rs.40M of investment properties have been pledged to secure banking facilities within RHT Group of companies (note 17).

	THE GROUP	
	2022 Rs.	2021 Rs.

CARRYING AMOUNT

At June 30, 2022	-	2,318,558	225,446	1,215,244	3,759,248
At June 30, 2021	-	2,318,558	133,228	-	2,451,786

Amortisation charge is charged to administrative expenses in the statements of profit or loss.

Purchased goodwill relates to the surplus of the amount paid compared to the net assets on acquisition of wholly owned subsidiaries. It has an indefinite useful life and is tested annually for impairment.

Goodwill has been allocated for impairment testing purposes to the following cash generating unit ("CGU"):

	THE GROUP 2022 Rs.
Cash-generating-unit - Island Communications Ltd (ICL)	2,318,558
	2,318,558

The impairment test was performed using cash flow projections based on financial budgets approved by management covering a five year span. The Directors have reviewed the carrying value of the goodwill and are of opinion that at year end, the carrying value has not suffered any impairment loss (2021: nil) by virtue of the above fact whereby recoverable amount is higher than carrying amount. A reasonable change in the assumptions used would not cause the recoverable amount to fall below the carrying amount.

Notes to the Financial Statements

for the year ended June 30, 2022

8. INTANGIBLE ASSETS (CONT'D)

The recoverable amounts of all the above CGUs have been determined from value in use calculations based on cash flow projections from formally approved budgets covering a five year period to 30 June 2027. Other major assumptions are as follows:

	ICL	
	2022	2021
	%	%
Discount rate	13.74	13.26
Growth rate	3.5	3.2

Both these assumptions have been determined using external sources of information for a similar industry in similar conditions.

The growth rate assumption applies only to the period beyond the formal budgeted period with the value in use calculation based on an extrapolation of the budgeted cash flows for year five. It is based on the projected inflation rate at year end.

If any one of the following changes were made to the above key assumptions, the carrying amount and recoverable amount would be equal.

Discount rate increase from 13.26% to 17.98%

Growth rate decrease from 3.5% to -3.56%

9. INVESTMENT IN SUBSIDIARIES (CONT'D)

- (a) Investment in subsidiaries is stated at cost. The Directors have assessed that for one of the subsidiaries, namely RHT Bus Services Ltd there was an indication of impairment.

The impairment test was performed using cash flow projections based on financial budgets approved by management covering a five year span. The Directors have reviewed the carrying value of the investment and are of opinion that at year end, the carrying value has not suffered any impairment loss (2021: nil) by virtue of the above fact whereby recoverable amount is higher than carrying amount. A reasonable change in the assumptions used would not cause the recoverable amount to fall below the carrying amount.

The recoverable amount of the investment have been determined from value in use calculations based on cash flow projections from formally approved budgets covering a five year period to 30 June 2027. Other major assumptions are as follows:

RHT Bus Services Ltd

	2022	2021
	%	%
Discount rate	7.57	5.57
Growth rate	3.5	3.2

Both these assumptions have been determined using external sources of information for a similar industry in similar conditions.

The growth rate assumption applies only to the period beyond the formal budgeted period with the value in use calculation based on an extrapolation of the budgeted cash flows for year five. It is based on the projected inflation rate at year end.

If any one of the following changes were made to the above key assumptions, the carrying amount and recoverable amount would be equal.

Discount rate increase from 5.57% to 11.7%

Growth rate decrease from 3.5% to -2.36%

263,596,028	99,258,584	362,854,612

Notes to the Financial Statements

for the year ended June 30, 2022

10. FINANCIAL ASSETS AT FAIR VALUE THROUGH OTHER COMPREHENSIVE INCOME (CONT'D)

- (ii) Fair value through other comprehensive income financial assets include the following:

	THE GROUP	
	2022 Rs.	2021 Rs.
<i>Quoted - Level 1:</i>		
Listed equity securities - [Mauritius]	270,553,743	263,596,028
<i>Unquoted - Level 3:</i>		
Equity securities - [Mauritius]	98,636,190	99,258,584
	369,189,933	362,854,612

- (iii) Financial assets measured at fair value through other comprehensive income include the Group's strategic equity investments not held for trading. The Group has made an irrevocable election to classify the equity investments at fair value through other comprehensive income rather than through profit or loss because this is considered to be more appropriate for these strategic investments.

- (iv) Level 1
The fair value of quoted securities is based on published market prices. These include investments listed on the local Stock exchange of Mauritius.

Level 3
The significant unobservable inputs used in measuring the fair value of Level 3 securities are as follows:

Description	2022	2021	Valuation technique	Significant Unobservable inputs	Range
	MUR'M	MUR'M			
Unquoted investments	4.6	3.03	Dividend valuation model	Growth rate Cost of equity Growth rate	2.94% 10.51%
Unquoted investments	17.5	19.7	Discounted Cashflow Model	Growth rate Discount rate	3.50% 9.87%

These include strategic equity investments in local unquoted entities.

One of the investments is in another local unquoted entity which has assets still under construction and which has only started operations a few months before June 30, 2022, hence cost is considered an appropriate estimate of fair value.

The following table indicates the approximate change in the Group's and Company's equity in response to reasonably possible changes in net asset value of investment.

	Impact on equity	
	2022 Rs.	2021 Rs.
5% increase in Cost of equity (2021: 5%)	(296,422)	(147,482)
5% increase in discount rate (2021: 5%)	(419,284)	(708,000)
5% increase in growth rate (2021: 5%)	642,830	890,000

- (v) Fair value through other comprehensive income financial assets are denominated in the following currencies:

	THE GROUP	
	2022 Rs.	2021 Rs.
MUR	369,189,933	362,854,612
	369,189,933	362,854,612

The investments in securities have been pledged to secure banking facilities of the Group.

Notes to the Financial Statements

for the year ended June 30, 2022

10B. FINANCIAL ASSETS AT AMORTISED COST

THE GROUP

Corporate bonds

	2022		
	Rs. Current	Rs. Non-current	Rs. Total
Corporate bonds	-	21,850,000	21,850,000
	-	21,850,000	21,850,000

	2021		
	Rs. Current	Rs. Non-current	Rs. Total
Corporate bonds	-	21,025,000	21,025,000
	-	21,025,000	21,025,000

The corporate bond is held with the State Bank of Mauritius USD bond fund. The carrying amount is considered to be the same as their fair value.

The fair value is determined based on the net present value of future cash flows discounted at the rate of interest attached to the bond.

- (a) Maturity dates and interest rates are as follows:

Maturity Date	2022	
	Interest Rate	Total Rs.
2025	4.75%	21,850,000
		21,850,000

- (b) The carrying amounts of the financial assets at amortised cost are denominated in USD.

11. FINANCIAL ASSETS AT FAIR VALUE THROUGH PROFIT OR LOSS

- (i) The carrying amounts of the financial assets at fair value through profit or loss are classified as follows:

	THE COMPANY			
	2022 Rs.	2021 Rs.	2022 Rs.	2021 Rs.
Level 1				
At July 1,	178,743,543	133,375,379	-	-
Additions	49,211,814	30,242,808	-	-
Disposals	(29,019,990)	(19,706,715)	-	-
Fair value gains	2,109,755	34,832,071	-	-
At June 30,	201,045,122	178,743,543	-	-
Level 2				
At July 1,	-	-	-	-
Additions	20,145,700	-	20,145,700	-
At June 30,	20,145,700	-	20,145,700	-
Non-current	221,190,822	178,743,543	20,145,700	-
Current	-	-	-	-
	221,190,822	178,743,543	20,145,700	-

- (ii) Level 1
The fair value of quoted securities is based on published market prices.

Level 2
The fair value of unquoted securities is based on observable inputs.

Notes to the Financial Statements

for the year ended June 30, 2022

11. FINANCIAL ASSETS AT FAIR VALUE THROUGH PROFIT OR LOSS (CONT'D)

(iii) Fair value through profit or loss financial assets include the following:

	THE GROUP		THE COMPANY	
	2022 Rs.	2021 Rs.	2022 Rs.	2021 Rs.
<i>Quoted - Level 1:</i>				
Listed equity securities - [Mauritius]	111,591,750	99,071,700	-	-
Equity securities - [Ireland, USA, Germany, Switzerland, Luxembourg]	89,453,372	79,671,843	-	-
<i>Unquoted - Level 2:</i>				
Preference shares in Tondeka Metro Company Ltd (TMC)	20,145,700	-	20,145,700	-
	221,190,822	178,743,543	20,145,700	-

On 24 June 2022, the Company has subscribed to 9 Fed+1% Series A cumulative redeemable preference shares ("preference shares") in TMC at a price of USD 51,222 per share (equivalent of Rs.2,238,411 per share). The preference shares are redeemable at the discretion of Tondenka.

The carrying amount at 30 June 2022 reflects the fair value of the preference shares which have been estimated using recent transaction and there have been no significant events between 24 June 2022 to 30 June 2022 that would significantly change the fair value of the preference shares. In addition, the instrument is a variable rate financial asset hence carrying amount approximates fair value.

(iv) Fair value through profit or loss financial assets are denominated in the following currencies:

	THE GROUP		THE GROUP	
	2022 Rs.	2021 Rs.	2022 Rs.	2021 Rs.
MUR	111,591,750	99,071,701	-	-
EUR	7,372,622	5,417,408	-	-
USD	97,630,577	74,254,434	20,145,700	-
CHF	4,595,873	-	-	-
	221,190,822	178,743,543	20,145,700	-

12. OTHER ASSETS

	THE GROUP	
	2022 Rs.	2021 Rs.
Current	-	2,122,800

Other assets consist of upfront payments made to Bus manufacturers and suppliers.

13. DEFERRED TAX AND TAXATION

(a) Deferred taxes

Deferred tax is calculated on all temporary differences under the liability method at 17%, 30% and 35% (2020: 17%, 30% and 35%). The following amounts are shown in the Statement of Financial Position:

There is a legally enforceable right to offset current tax assets against current tax liabilities and deferred income tax assets and liabilities when the deferred income taxes relate to the same fiscal authority on the same entity. The following amounts are shown in the statements of financial position:

	THE GROUP		THE COMPANY	
	2022 Rs.	2021 Rs.	2022 Rs.	2021 Rs.
Deferred tax assets	(645,529)	(4,093,117)	-	(188,979)
Deferred tax liabilities	568,274	375,179	17,889	-
Net	(77,255)	(3,717,938)	17,889	(188,979)

Notes to the Financial Statements

for the year ended June 30, 2022

13. DEFERRED TAX AND TAXATION (CONT'D)

(a) Deferred taxes (cont'd)

The movement on the deferred tax account is as follows:

	THE GROUP		THE COMPANY	
	2022 Rs.	2021 Rs.	2022 Rs.	2021 Rs.
At July 1,	(3,717,938)	(4,761,566)	(188,979)	(202,341)
Recognised in profit or loss				
Exchange difference	(68,510)	511,879	-	-
Charge/(credit) for the year	3,679,273	1,167,889	176,948	(5,678)
Recognised in other comprehensive income				
Deferred tax on retirement benefit obligations	29,920	(636,140)	29,920	19,040
At June 30,	(77,255)	(3,717,938)	17,889	(188,979)

Deferred tax liabilities and deferred tax assets charge in the statement of profit or loss and other comprehensive income are attributable to the following items:

THE GROUP	At July 1, 2021	Recognised in profit or loss	Recognised in other comprehensive income	Exchange Difference	At June 30, 2022
	Rs.	Rs.	Rs.	Rs.	Rs.
Deferred taxes					
Accelerated capital allowances	4,244,586	(4,035,604)	-	(68,510)	140,472

Net deferred tax assets	(4,761,566)	1,167,889	(636,140)	511,879	(3,717,938)

	2022 Rs.	2021 Rs.
	Tax losses not accounted for	101,312,027

Notes to the Financial Statements

for the year ended June 30, 2022

13. DEFERRED TAX AND TAXATION (CONT'D)

(a) Deferred taxes (cont'd)

The tax losses expire on a 5 year rolling basis as follows:

	2022
	Rs.
No expiry	66,365,601
2023	4,809,235
2024	3,367,299
2025	2,270,833
2026	4,788,764
2027	19,710,295
	101,312,027

Deferred tax assets have not been recognised on tax losses because it is not probable that future taxable profit will be available against which the Group can use the benefits therefrom.

THE COMPANY	2021	Recognised in profit or loss	Recognised in other comprehensive income	2022
	Rs.	Rs.	Rs.	Rs.

	30,859,855	42,699,428	29,044,444	19,073,076

Dividend is receivable from the Group's investment in a local listed entity, the dividend was declared before year end but payment was received just after year end.

The average credit period on trade and other receivables for sale of goods is one month. Before accepting any new customer, the Group assesses the potential customer's credit quality and defines credit limits by customer. The attributes of the customers are reviewed on a yearly basis. There is no interest charged on trade receivables for sale of goods.

In determining the recoverability of a trade receivable, the Group considers any change in the credit quality of the trade receivable from the date credit was initially granted up to the reporting date. There is no concentration of credit risk at Group level.

(i) *Impairment of trade receivables*

The Company applies the IFRS 9 simplified approach to measuring expected credit losses which uses a lifetime expected loss allowance for all trade receivables.

To measure the expected credit losses, trade receivables have been grouped based on shared credit risk characteristics and the days past due.

The expected loss rates are based on the payment profiles of sales over a period of one year before June 30, 2022 or July 1, 2021 respectively and the corresponding historical credit losses experienced within this period. The historical loss rates are adjusted to reflect current and forward-looking information on macroeconomic factors such as forecasted GDP growth rate affecting the ability of the customers to settle the receivables.

On that basis, the loss allowance as at June 30, 2022 and June 30, 2021 was determined as follows for trade receivables:

	Current	More than 30 days past due	More than 60 days past due	More than 120 days past due	Total
	Rs.	Rs.	Rs.	Rs.	Rs.
At June 30, 2022					
Expected loss rate	17%	37%	42%	61%	42%
Gross carrying amount - trade receivable	7,318,745	2,103,105	919,236	10,836,366	21,177,452
Loss allowance	1,217,932	776,752	385,315	6,586,626	8,966,625
At June 30, 2020					
Expected loss rate	3%	21%	86%	64%	21%
Gross carrying amount - trade receivable	21,801,608	801,875	2,899,672	5,051,791	30,554,945
Loss allowance	621,671	167,846	2,502,881	3,237,426	6,529,824

Notes to the Financial Statements

for the year ended June 30, 2022

15. TRADE AND OTHER RECEIVABLES (CONT'D)

The movements in loss allowances for trade receivables as at June 30, 2022 are as follows:

	Trade receivables THE GROUP	
	2022 Rs.	2021 Rs.
Loss allowance as at July 1, 2021	6,529,824	7,214,295
Loss allowance recognised in profit or loss during the year	2,436,801	545,841
Receivables written off during the year as uncollectible	-	(1,230,312)
At June 30, 2022	8,966,625	6,529,824

(i) The carrying amounts of the Group's trade and other receivables are denominated in the following currencies:

	THE GROUP		THE COMPANY	
	2022 Rs.	2021 Rs.	2022 Rs.	2021 Rs.
Rupee	29,733,112	39,696,298	9,655,353	19,073,076
US Dollar	999	2,844,244	19,389,091	-
Kwacha	1,125,744	158,886	-	-
Rs.	30,859,855	42,699,428	29,044,444	19,073,076

(ii) The maximum exposure to credit risk at the reporting date is the fair value of each class of receivable mentioned above. The Group does not hold any collateral as security.

(iv) The amount due from related parties is unsecured, repayable on demand with interest bearing of 5.5% (2021: 5.5%) per annum. No allowance for doubtful debts has been provided on the basis that these debtors are related entities within the Group and they are expected to be in good financial health as they progress and grow with the support of the Group.

16. STATED CAPITAL

	THE GROUP AND THE COMPANY			
	2022 Number of shares	2021 Number of shares	2022 Rs.	2021 Rs.
Issued and fully paid ordinary shares				
Ordinary shares issued	12,162,150	12,162,150	24,324,300	24,324,300

The ordinary shares are entitled to dividend and one share carries one voting right. Each share has a par value of Rs.2 per share.

17. BORROWINGS

	THE GROUP		THE COMPANY

16,147,255	21,207,922
12,086,701	4,427,859
13,677,980	-
97,220,026	99,188,751

(b) The floating interest rate charged by the bank on secured loan repayable by monthly instalments is based on the Prime Lending Rate ("PLR") prevailing in Mauritius, plus Fixed Margins which vary between 0.25% to 1.25% per annum. The rates ranged between a minimum of 1.50% (Covid loan programme) to 5.10%. During the year ended June 30, 2022, the PLR decreased to 4.50%.

(c) The loans are secured by floating charges on the assets of the Group for Rs.260.1M and fixed charges on Investment property for Rs.40M (notes 5, 6, 10 and 11).

18. EMPLOYEE BENEFIT LIABILITIES

The Group and the Company has an unfunded plan which relates to employees who are entitled to retirement gratuities under the Workers Rights Act 2019. The liability under the unfunded plan is typically impacted by changes in discount rate and salary growth.

The valuation of the unfunded retirement benefit obligations for the year ended June 30, 2022 is based on figures reported in the report from actuaries Aon Hewitt Ltd (Actuarial Valuer) and applying accounting estimates as determined by the Directors.

Movement in liability recognised in the statement of financial position:

	THE GROUP		THE COMPANY	
	2022	2021	2022	2021
	Rs.	Rs.	Rs.	Rs.
At July 1	46,328,000	41,853,000	1,790,000	1,709,000
Amount recognised in profit or loss	2,971,000	5,569,000	(1,163,000)	193,000
Amount recognised in OCI	(236,000)	3,742,000	(176,000)	(112,000)
Benefits paid	(6,863,000)	(4,836,000)	-	-
At June 30	42,200,000	46,328,000	451,000	1,790,000

The details of the component of the unfunded retirement benefit obligation as per the actuarial report is detailed below for the year ended June 30, 2022.

	THE GROUP		THE COMPANY	
	2022	2021	2022	2021
	Rs.	Rs.	Rs.	Rs.
Liability recognised in the statement of financial position	42,200,000	46,328,000	451,000	1,790,000

Notes to the Financial Statements

for the year ended June 30, 2022

18. EMPLOYEE BENEFIT LIABILITIES (CONT'D)

Amount recognised in the statement of profit or loss:

- Current service cost
- Past service cost
- Interest expense
- Included in staff costs

THE GROUP		THE COMPANY	
2022	2021	2022	2021
Rs.	Rs.	Rs.	Rs.
3,234,000	3,489,000	21,000	143,000
(2,403,000)	935,000	(1,272,000)	-

43,669,000	46,328,000	451,000	1,790,000

Notes to the Financial Statements

for the year ended June 30, 2022

18. EMPLOYEE BENEFIT LIABILITIES (CONT'D)

The principal assumptions used for the purpose of computing the present value of the unfunded retirement benefit obligations:

	THE GROUP AND THE COMPANY	
	2022	2021
	%	%
Annual discount rate	5.3	4.9
Future annual salary increase	3.7	3.1
Average retirement age (ARA)	65	65

Sensitivity Analysis on Defined Benefit Obligation at End of Period

- Increase due to 1% decrease in discount rate			
- RHT Holding Ltd	267,000	194,000	
- RHT BUS Services Ltd	6,106,000	5,936,000	
- Decrease due to 1% decrease in discount rate			
- RHT Holding Ltd	203,000	145,000	
- RHT BUS Services Ltd	5,129,000	4,969,000	
- Increase due to 1% increase in salary increase rate			
- RHT Holding Ltd	276,000	200,000	
- RHT BUS Services Ltd	6,322,000	6,151,000	
- Decrease due to 1% decrease in salary increase rate			
- RHT Holding Ltd	211,000	151,000	
- RHT BUS Services Ltd	5,390,000	5,225,000	

Future cash flows

- The funding policy is to pay benefits out of the reporting entity's cashflow as and when due.
- Expected contributions from employer Group Rs.4,590,000 (Company Rs 4,856,000).
- Weighted average duration of the defined benefit obligation:
 - RHT Holding Ltd 23 Years
 - RHT BUS Services Ltd 14 Years

19. DEFERRED INCOME

	THE GROUP		THE COMPANY	
	2022	2021	2022	2021
	Rs.	Rs.	Rs.	Rs.
At July 1,	6,571,667	9,460,000	-	-
Government grant released during the year	(2,913,334)	(2,888,333)	-	-
Income received in advance	6,338,000	-	4,370,000	-
At June 30,	9,996,333	6,571,667	4,370,000	-
Analysed as follows :				
Non-current	5,138,000	3,683,334	-	-
Current	4,858,333	2,888,333	4,370,000	-
	9,996,333	6,571,667	4,370,000	-

The Group received a government subsidy of Rs.13.3M in 2017 to finance twelve semi-low floor buses and a double decker bus under the Bus Replacement Mechanism. Out of the subsidy, Rs.12M is being amortised over five years which is the lease period of the 12 buses and has been fully amortised at June 30, 2022. The remaining subsidy, relating to the double decker bus, is being amortised over ten years which is the latter's lease period.

Notes to the Financial Statements

for the year ended June 30, 2022

20. TRADE AND OTHER PAYABLES

	THE GROUP		THE COMPANY	
	2022	2021	2022	2021
	Rs.	Rs.	Rs.	Rs.
Trade payables	24,899,487	16,686,692	5,164,616	5,468,987
Other payables	4,195,724	3,574,623	408,929	445,815
Accruals	2,009,489	4,123,163	713,200	1,200,887
PRGF payable	1,878,894	-	-	-
Provisions	4,125,000	3,900,000	-	-
Amount due to related companies (Note 36)	-	-	101,075,798	89,038,865
	37,108,594	28,284,478	107,362,543	96,154,554

- (i) The average credit period on purchases is two months. The Group and the Company have financial risk management policies in place to ensure that all payables are paid within the credit timeframe.
- (ii) The amount due to related companies as above are unsecured, and carries interest at the rate of 5.5% (2021: 5.5%) per annum and repayable on demand.
- (iii) The carrying amounts of the Group's trade and other payables are denominated in the following currencies:

	THE GROUP		THE COMPANY	
	2022	2021	2022	2021
	Rs.	Rs.	Rs.	Rs.
Rupee	37,057,586	27,992,755	107,362,543	96,154,554
Kwacha	51,008	291,723	-	-
Rs.	37,108,594	28,284,478	107,362,543	96,154,554

21. NON-CURRENT ASSET HELD FOR SALE

	THE GROUP	
	2022	2021
	Rs.	Rs.
At July 1,	-	19,500,000
Additions	2,557,700	-
Disposal	-	(19,500,000)
At June 30,	Rs. 2,557,700	-

The asset was cars held by the Group for resale following the end of the rental Contract.

22. DIVIDEND

- (a) Dividend distribution to the Company's shareholders is recognised as a liability in the Group's financial statements in the period in which the dividend is declared. The liability is extinguished when actual payments are made to the shareholders.

	THE GROUP AND THE COMPANY	
	2022	2021
	Rs.	Rs.
<i>Interim dividend</i>		
Interim ordinary dividend of Rs Nil (2021: Rs Nil) per ordinary share	-	-
<i>Dividend declared</i>		
Final ordinary dividend of Rs.0.15 (2021: Rs Nil) per ordinary share	1,824,323	-
	1,824,323	-
At 1 July,	6,309,995	7,081,335
Dividend declared during the year	1,824,323	-
Dividend paid	(1,638,390)	(771,340)
At 30 June,	6,495,928	6,309,995

No Dividend was declared during the year.

Notes to the Financial Statements

for the year ended June 30, 2022

22. DIVIDEND (CONT'D)

(b) Dividend receivable was as follows:

	THE GROUP		THE COMPANY	
	2022 Rs.	2021 Rs.	2022 Rs.	2021 Rs.
At 1 July,	9,801,920	567,746	6,301,920	567,746
Dividend receivable declared during the year	21,035,474	10,377,081	27,574,677	13,121,035
Dividend received	(23,478,979)	(1,142,907)	(28,876,597)	(7,386,861)
At 30 June,	7,358,415	9,801,920	5,000,000	6,301,920

23. OTHER RESERVES

THE GROUP

	Translation reserves Rs.	Fair value and revaluation reserves Rs.	Total reserves Rs.
At July 1, 2020	3,228,960	333,687,850	336,916,810
Changes in fair value of equity instruments at fair value through other comprehensive income (note 10)	-	30,238,693	30,238,693

Profit before taxation					(10,652,456)

The accounting policies of the reportable segments are the same as the Group's accounting policies described in note 2. Segment profit represents the profit earned by each segment, share of results of associates and finance costs. This is the measure reported to the chief operating decision maker for the purposes of resource allocation and assessment of segment performance.

Mobility represents companies involved in the mobility sector. It replaces the Operating Segment.

Investments represents the parent company, the investment company and its subsidiary (leasing company). It replaces Financial and Rentals segments.

Technology represents the companies involved in the technology business and mobility solutions. It replaced the Trading segment.

for the year ended June 30, 2022

35. COMMITMENTS

Capital commitments

Capital commitment for the acquisition of new motor vehicles, computer equipment, electronic equipment, furniture and fittings and new bus depot which have been approved by the Board but not yet contracted for is as disclosed below:

- Property, plant and equipment

THE GROUP	
2022	2021
Rs.	Rs.
-	28,000,000

36. RELATED PARTY TRANSACTIONS

THE GROUP

Transactions between the Company and its subsidiaries, which are related parties of the Company, have been eliminated on consolidation (note 9).

THE COMPANY

Related parties include subsidiaries (note 9), one associate (note 9A) and key management personnel of the Company. The Company does not have any transactions and balances with its associate. Details of transactions with the subsidiaries are disclosed below.

Outstanding balances :

Amount payable to subsidiaries		Amount receivable from subsidiaries		Dividend Receivable	
2022	2021	2022	2021	2022	2021
Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
101,075,798	89,038,865	22,080,734	9,244,045	5,000,000	6,301,920

Nature and volume of transaction

Costs recharges	Interest income	Interest expense	Management fees	Dividend	Rental expenses
2022	2022	2022	2022	2022	2022
Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
1,027,243	104,019	3,641,672	5,490,278	27,574,677	561,492
4,400,344	88,270	4,064,676	7,972,769	13,121,035	561,492

All inter-company loan bear interest at 5.5% per annum (2021: 5.5% per annum). The loans are unsecured and repayable on demand to the extent that the Company has the ability to settle the amount due.

For the financial year ended June 30, 2022, the Company assessed that no provision for impairment losses relating to amounts owed by related parties is necessary (2021: nil). This assessment is undertaken each financial year through examining the financial position of the related party and the market in which the entity related party operates.

Notes to the Financial Statements

for the year ended June 30, 2022

36. RELATED PARTY TRANSACTIONS (CONT'D)

Compensation of key management personnel

The remuneration of Directors during the year is as follows:

THE GROUP		THE COMPANY	
2022	2021	2022	2021
Rs.	Rs.	Rs.	Rs.
7,200,387	6,221,809	1,589,946	761,275
2,853,783	3,445,147	2,853,783	3,445,147
10,054,170	9,666,956	4,443,729	4,206,422

Short term benefit

- Executive
- Non-Executive

37. GOVERNMENT GRANT

Government grants received for:

- Bus fares subsidy
- Wages and Diesel subsidy
- Financing of buses

THE GROUP	
2022	2021
Rs.	Rs.
54,768,000	54,768,000
31,856,160	26,892,000
-	-

Government grants have been received for operation of bus services and were in respect of bus fares of students, disabled persons and pensioners and financial support for wages and diesel. There are no unfulfilled conditions or contingencies attached to these grants. Government grants amounting to Rs.54.8M (2021: Rs.54.8M) have been included in revenue and financial support for wages and diesel amounting to Rs.31.8M (2021: Rs.26.8M) has been included in other income.

38. GOING CONCERN ASSESSMENT

The Group had net current liabilities of Rs 63.5M (2021: Rs.61.4M) and the Company had net current liabilities Rs 119.6M at June 30, 2022 (2021: Rs.108.2M). The Group incurred a gross loss of 10.2M (2021: Rs.11.2M) in that financial year. The gross loss relates mainly to its bus operations (Mobility cluster).

The Directors have prepared forecasts for the Company for the next 12 months and are in the view that the Company will be able to generate positive cashflows and will be within their overdraft facility limit at June 30, 2023. The forecasted cashflows income from the Tondeka Metro Company Project (TMC) in Uganda.

During the period under review, RHT Holding Ltd provided resources and assistance to TMC in order to get the Bus Rapid Transit project off the ground in Uganda and to secure new ventures. Unfortunately, due to setbacks beyond the control of RHT Holding Ltd, the TMC project could not be launched on time.

The project is now well on its way and to secure the interest of RHT Holding Ltd, a formal settlement agreement was entered into with Tondeka Metro Company during the period under review and subsequently the amount due to RHT Holding Ltd was converted into redeemable preference shares with a maturity amount of Rs 20M. RHT Holding Ltd is also expecting to receive management fees from TMC in the financial year 2023.

The Directors are confident that the preference shares redemption amount and management fees will be received in the financial year 2023 given that the project is of national interest to the Government of Uganda and the first buses were successfully deployed in September 2022 with more to follow within the next 12 months.

Notes to the Financial Statements

for the year ended June 30, 2022

38. GOING CONCERN ASSESSMENT (CONT'D)

In the event that there are potential delays to recover the amount from TMC in the next twelve months, RHT Holding Ltd will resort to assistance within the Group given that the subsidiary company, RHT Investment Ltd, holds liquid investments that are easily convertible into cash of up to Rs.500M.

The Directors have signed a representation letter confirming that should the funds not be made available on time they will proceed with the sale of financial assets in RHT Investment Ltd to fund the deficit.

The Directors have also prepared forecasts for RHT Bus Services Ltd, the main operating Subsidiary of the group, for the next 12 months and are in the view that the subsidiary will be able to generate positive cash flows.

During the period under review, RHT Bus Services Ltd still faced a number of challenges in the heavily regulated industry in which it operated. The metro services which operates from Port Louis to Phoenix is set to be deployed all the way from Port Louis via Rose Hill till Curepipe in the near future. With lines to be set in operations that will transit through Rose Hill, it is expected that this will have an impact on the operations of RHT Bus Services Ltd.

RHT Bus Services Ltd has been liaising with the authorities via the sharing of reports with a view to finding a mutually beneficial solution. It is to be noted that a formal proposal was received from the authorities in relation to the reorganisation of bus services. Sensible recommendations were formally made in line with the strategy of the Company to improve the level of services being made available to the public and to overcome the challenges it will be facing.

The bus industry at large will rely on initiatives and support from the authorities.

Following their going concern assessment the Directors having considered the adequacy of the Company's and Group's funding, borrowing facilities and operating cash flows, for the next 12 months, are satisfied that the financial statements are prepared on a going concern basis.

The five year cash flow forecasts prepared by the Group involve known and unknown risks and uncertainties, which may cause actual performance and financial performance in future periods to differ materially from forecasted cash flows. Uncertainties relate principally to the timing as to when economic activities will be back to normal which is beyond the control of the Group.

39. CONTINGENT LIABILITIES

There are legal cases against some subsidiaries of the Group amounting to Rs.55.4M at June 30, 2022. The court cases are ongoing and the outcome of these cases is still unknown.
